

The Language of the Classroom Study Guide Part 2

NOTE: Make sure your answers are clear and well organized. Use all the guidelines in the **Directions** and **Assignment** sections of the **AP**. This assignment is worth **100 points**.

Item 1

Ques

1. Explain the relationship between the two studies with a minimum of two sentences. **Remember** to include both studies in your relationship sentence. **Remember** to include the names of the researchers.
2. Explain the reasons why the researchers in the two studies are interested in the same thing. They are both interested in the relationship between the two variables.
3. Explain the methodological differences between the two studies. What does the second study do that the first study does not do? The second study is a randomized controlled trial while the first study is not.

Item 2

1. What is Perdue's purpose in conducting this research? He is interested in whether or not the relationship between the two variables is causal.

using the randomized controlled trial design to test the relationship.

2. What does the randomized controlled trial design allow Perdue to do that he cannot do with a correlational design?

Establish causality.

3. What are the major methodological differences between the two studies? The second study is a randomized controlled trial while the first study is not.

4. How do the researchers in the two studies control for confounding variables? The second study uses random assignment to control for confounding variables.

5. How do the researchers in the two studies control for confounding variables? The second study uses random assignment to control for confounding variables.
