

A riding style all your own.

There was a time when just owning a motorcycle set you apart. It's different now. More bikes. More riders. Less individuality.

Unless you've discovered the new Harley-Davidson Nighthawk™ 650, it's not like anything else on the road. The Nighthawk's superb, sculptured looks give your eye access to long, sleek profiles. From its gleaming front forks to its cast-iron sport tank. Down to its black engine and around the color-matched fenders.

A beautiful bike, but most of all, a unique bike.

With independently adjustable handlebars that can be moved vertically and horizontally to a position that suits your taste and riding style. Or changes with it.

The Nighthawk flex. Just twist the throttle and feel the power of its high-revving 650 cc.

Four-cylinder, four-stroke engine. An engine fed by four 26 mm CV carburetors with an acceleration pump for cringing response. And equipped with a high-pitch four-speed clutch-to-four ratio transmission with expansion over-range feature.

But performance is only half the

story. This engine also has a reputation for reliability. The result of over a decade of building and racing four-cylinder engines. It features a maintenance-free transmission and ignition and its overall design makes it easy to work on.

The Nighthawk's suspension includes air-adjustable leading and rear forks with dual hydraulic™ dampers to reduce vibration. Five-way adjustable Variable Hydraulic Damping™ (VHD) shock in the rear. Stronger, lighter-duty springs. And an extra long telescopic fork that improves handling at highway speeds.

So when you're getting through corners, skidding across plains or weaving your way through traffic, the Nighthawk's suspension can respond to the challenge.

And when it's time to stop, just use the Nighthawk's dual front disc brakes with twin disc rotors.

The Nighthawk has landed.

And that's the best news of all. Because it's waiting for you now. Don't let it get away.
