Violence Reduction in Schools-- how to Make a Difference Chris Gittins,2006-01-01 Most schools are safe places for children but that does not mean that members of a school community live and learn together in harmony at all time Violence towards children can take place in a variety of forms including physical and verbal abuse and bullying This is a practical handbook for schools to use when training staff in techniques for reducing violence In particular it addresses two issues how to establish and maintain a learning environment where violence is not tolerated and how to respond to violence when it occurs so that this environment is protected Each chapter covers a critical area for school policy describes the issues and proposes activities designed to be combined into a training programme to meet the specific needs of a group of staff This includes teachers and the growing number of support staff in European schools School leaders administrators and educationalists should find this guide a useful addition to the resources for reducing violence in schools available in their own country

The Mammoth Book of Jack the Ripper Stories Maxim Jakubowski,2015-11-12 Maxim Jakubowski together with Nathan Braund edited the bestselling Mammoth Book of Jack the Ripper 1999 which has reprinted several times and was reissued in 2008 in a revised and expanded edition The book focused on the countless theories that have been put forward with regard to the identity of the notorious Victorian serial killer and offered an extensive 100 page section presenting all the known facts in the case It included 30 essays written by the most famous often controversial Ripperologists putting forward their own

theories It remains one of the few titles to offer a series of alternative solutions to Jack the Ripper's identity and the truth behind the Whitechapel murders But how many new theories and identities can researchers come up with In this wonderful collection of brand new stories Jakubowski has compiled an extraordinary array of explorations into the identity of Jack the Ripper this time unabashedly fictional unrestrained by history and the known facts Contributors include Carol Anne Davis Martin Edwards Peter Guttridge Barbara Nadel Alvaro Zinos Amaro and Sally Spedding Jack the Ripper has appeared in a number of novels as the lead character in some beginning with Marie Belloc Lowndes's *The Lodger* 1913 filmed by Hitchcock Authors as diverse as Michael Dibdin Lindsay Faye Philip Jose Farmer Robert Bloch Harlan Ellison Alan Moore Fredric Brown Ramsey Campbell and Colin Wilson have all used poetic licence to revive the notorious killer The varied stories in this fantastic new collection continue this tradition with many possible identities put forward some already suggested by historians others more speculative including famous names from history and fiction Even Sherlock Holmes is on the case

Engines of Redemption R. Scott Huffard Jr., 2019-10-14 After the upheavals of the Civil War and Reconstruction shattered the plantation economy of the Old South white southerners turned to the railroad to reconstruct capitalism in the region Examining the rapid growth systemization and consolidation of the southern railroad network R Scott Huffard Jr demonstrates how economic and political elites used the symbolic power of the railroad to proclaim a New South had risen The railroad was more than just an economic engine of growth it was a powerful symbol of capitalism's advance However as the railroad spread across the region it also introduced new dangers and anxieties White southerners came to fear the railroad would speed an upending of the racial order epidemics of yellow fever train wrecks violent robberies and domination by corporate monopolies To complete the reconstruction of capitalism railroad corporations and their allies had to sever the negative aspects of railroading from capitalism's powers and deny the railroad's transformative powers to black southerners
