A History of the Corruptions of Christianity Joseph Priestley,1871 [The Causes of the Corruption of Christianity](#) Robert Vaughan,1834 [An History of the Corruption of Christianity](#) Joseph Priestley,1782 **An History of the Corruptions of Christianity** Joseph Priestley,1782 [An History of the Corruption of Christianity Volume 1](#) Joseph Priestley,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1782 edition Excerpt THE HISTORY OF THE CORRUPTIONS OF CHRISTIANITY PART IV the History of Opinions relating to Saints and Angels INTRODUCTION THE idolatry of the christian church began with the deification and proper worship of Jesus Christ but it was far from ending with it For from similar causes christians were soon led to pay an undue respect to men of eminent worth and sanctity which at length terminated in as proper a worship of them as that which the heathens had paid to their heroes and demigods addressing prayer to them in the same manner as to the supreme being himself The same undue veneration led them also to a superstitious respect for their relics the places where they had lived their pictures and images and indeed every thing that had borne a near relation to them so that at length not only were those persons whom they termed saints the objects of their worship but also their relics and images and neither with respect to the external forms nor as far as we can perceive their internal sentiments were christians to be at all distinguished from those who bowed down to wood and stone in the times of paganism That this is a most horrid corruption of genuine Christianity I shall take for granted there being no trace of any such practice or of any principle that could lead to it in the scriptures but it may be useful to trace the causes and the progress of it from the earliest ages of the christian church to the present time And in order to do it as distinctly as possible I shall divide the history of all the time preceding the reformation into two periods the former extending to the fall of the western empire or a little beyond the time of Austin and the latter to the reformation itself and [The Causes of the Corruption of Christianity](#) Robert Vaughan,2023-07-18 Robert Vaughan contributes to the debate on the state of Christianity in his time arguing that the Church has strayed from its original message and values and proposing ways to reform it This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant [An History of the Corruptions of Christianity](#) Joseph Priestley,1782 [A History of the Corruptions of Christianity](#) Joseph Priestley Frs,2013-06 A History of the Corruptions of Christianity By Joseph Priestley LLD FRS Contents I The History of Opinions relating to Jesus Christ II The

History of Opinions relating to the Doctrine of Atonement III The History of Opinions concerning Grace Original Sin and Predestination IV The History of Opinions relating to Saints and Angels V The History of Opinions concerning the State of the Dead VI The History of Opinions relating to the Lord s Supper VII The History of Opinions relating to Baptism Appendix to Parts VI and VII VIII A History of the Changes that have been made in the Method of conducting Public Worship IX The History of Church Discipline X The History of Ministers in the Christian Church and especially of Bishops XI The History of the Papal Power Appendices to Parts X and XI XII The History of the Monastic Life XIII The History of Church Revenues The General Conclusion Dr Priestley s Preface After examining the foundation of our Christian faith and having seen how much valuable information we receive from it in my Institutes of Natural and Revealed Religion it is with a kind of reluctance that according to my proposal I must now proceed to exhibit a view of the dreadful corruptions which have debased its spirit and almost annihilated all the happy effects which it was eminently calculated to produce It is some satisfaction to us however and is more than sufficient to answer any objection that may be made to Christianity itself from the consideration for these corruptions that they appear to have been clearly foreseen by Christ and by several of the apostles And we have at this day the still greater satisfaction to perceive that according to the predictions contained in the books of Scripture Christianity has begun to recover itself from this corrupted state and that the reformation advances apace And though some of the most shocking abuses still continue in many places their virulence is very generally abated and the number is greatly increased of those who are most zealous in the profession of Christianity whose lives are the greatest ornament to it and who hold it in so much purity that if it was fairly exhibited and universally understood it could hardly fail to recommend itself to the acceptance of the whole world of Jews and Gentiles The clear and full exhibition of truly reformed Christianity seems now to be almost the only thing that is wanting to the universal prevalence of it But so long as all the Christianity that is known to heathens Mahometans and Jews is of a corrupted and debased kind and Windham Press is committed to bringing the lost cultural heritage of ages past into the 21st century through high quality reproductions of original classic printed works at affordable prices This book has been carefully crafted to utilize the original images of antique books rather than error prone OCR text This also preserves the work of the original typesetters of these classics unknown craftsmen who laid out the text often by hand of each and every page you will read Their subtle art involving judgment and interaction with the text is in many ways superior and more human than the mechanical methods utilized today and gave each book a unique hand crafted feel in its text that connected the reader organically to the art of bindery and book making We think these benefits are worth the occasional imperfection resulting from the age of these books at the time of scanning and their vintage feel provides a connection to the past that goes beyond the mere words of the text
