Science Fiction and Fantasy in the McCormick Library Harrisburg Area Community College. McCormick Library,1987 *The Tragicomic Passion* Faye Ran,Faye Ran-Moseley,1994 The Tragicomic Mode of literary discourse has become more prominent in the twentieth century than at any other previous time in Western literary history Modern tragicomedy consists of four defining categories an inconclusive double perspective one lacking resolution reconciliation or restitution contradictory ambivalent or incongruous mood and effect a problematic and often protean protagonist and the incorporation of destabilizing and non naturalistic modes or strategies such as surrealism absurdity fantasy and the grotesque The dualistic nature of tragicomic creation perception and reflection has led to a whole new sense of character structure and the role of the protagonist or of the protagonist or hero These new protagonists reject the notion of reality as a closed system with finite possibilities Theirs is a prismatic refraction of the rational and irrational the mundane and the transcendental the normative and the anomalous Their ubiquitous presence in tragicomedy exemplifies our modern penchant for dialectical subversiveness and multifaceted indeterminacy In twentieth century tragicomic drama film and literature writers dramatists and filmmakers invariably choose antinomian protagonists or fool figures to embody their explorations of the universal and tragicomic encounter of self and society Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... Copyright Office,1978 **Subject Catalog** Library of Congress,1981 **The Publishers' Trade List Annual** ,1979 *Contemporary Metafiction* Rüdiger Imhof,1986 The Mississippi Quarterly ,1979 **Vonnegut and Hemingway** Lawrence R. Broer,2011 In this original comparative study of Kurt Vonnegut and Ernest Hemingway Lawrence R Broer maps the striking intersections of biography and artistry in works by both writers and he compares the ways in which they blend life and art Broer views Hemingway as the secret sharer of Vonnegut s literary imagination and argues that the two writers while traditionally considered as adversaries because of Vonnegut s rejection of Hemingway s emblematic hypermasculinism inevitably address similar deterministic wounds in their fiction childhood traumas family insanity deforming wartime experiences and depression Rooting his discussion in these psychological commonalities between Vonnegut and Hemingway Broer traces their personal and artistic paths by pairing sets of works and protagonists in ways that show the two writers not only addressing similar concerns but developing a response that in the end establishes an underlying kinship when it comes to the fate of the American hero of the twentieth century Broer sees Vonnegut and Hemingway as fundamentally at war with themselves with one another s artistic visions and with the idea of war itself Against this onslaught he asserts they wrote as a mode of therapy and achieved literary greatness through combative opposition to the shadows that loomed so large around them
