Macon is located at the head of navigation on the Ocmulgee River in the center of the State of Georgia In 1860 on the eve of the Civil War Macon was a very diverse community Although the city tended to be homogeneous in its thinking its population included people from many different states and many countries especially European It was moreover a business community dedicated to supplying the surprisingly sophisticated needs of its citizens of the cotton planters who grew the short staple upland cotton which provided the principal foundation of wealth for the antebellum South in general and for the people of Middle Georgia in particular This amazing diversity would serve Macon well in the desperate struggle which was to come Now told for the first time in such detail is the story of Macon Georgia during the Civil War What was life like in Macon during the war What kinds of industry there were supplying the confederate army Why did Sherman not come down to Macon What of Wilson s raid through middle Georgia These answers and much more fill the pages of Richard Iobst s very readable narrative Book Review Digest ,2001 The Standard ,1890 *Technology and Culture* ,2000 **Civil War** ,1998
