Counseling The Gifted And Talented:

Counseling Gifted Students Susannah M. Wood, Jean Sunde Peterson, 2017-12-05 Drs Susannah Wood and Jean Peterson have combined forces to move the field of school counseling forward in its work on behalf of gifted students This subtle regularizing into appropriate school counseling practice is actually quite radical as it makes it clear that the time has passed to consider whether we should be concerned with the nature and needs of students with gifts and talents but rather need to move to serving them as a requirement of our profession And fortunately for all of us the authors provide a clearly articulated roadmap for helping us live up to our professional responsibilities Tracy L Cross Ph D Created to fill a gap in both counselor education and gifted education this is the only up to date text to provide a concise and practical overview of counseling services designed specifically for gifted and talented students Grounded in the American School Counselor Association ASCA National Model for counseling programs the book illuminates specific knowledge awareness and skills school counselors need to address concerns related not only to academics but also to social and emotional development of this population The text delivers a theoretical and practical overview of gifted and talented education in the United States and the responsibilities of school counselors as they pertain to this unique population Going well beyond the common call to provide academic challenge the book considers special characteristics of gifted and talented students as it examines the complexities of career development college readiness and concerns related to social and emotional development It discusses how counselors can advocate for gifted students lead efforts to match programming and needs and collaborate with school staff and families Vignettes depicting critical incidents and epitomizing needs are used to illuminate differentiated counseling approaches that support this student population Each chapter highlights a key concept and curriculum guidelines and resources for professional development support the text **KEY FEATURES** Interweaves school counseling and gifted education research and practice Considers characteristics and counseling concerns associated with giftedness Is based on the ASCA model for counseling programs Examines the complexities of career development college readiness and social emotional development in this population Highlights key concepts and includes vignettes of critical incidents [Counseling Gifted and Talented Children](#) Roberta M. Milgram, 1991-07-30 There is a gap between the enormous need for counseling services and research about the counseling needs of gifted individuals on the one hand and the limited availability of such services and knowledge on the other This book is designed to give counselors classroom teachers gifted education specialists and parents an understanding of the academic and social personal needs of gifted and talented students awareness of ways that they themselves may help these children and an introduction to the available guidance strategies and materials This book highlights the role of regular classroom teachers and teachers of the gifted in counseling provides teachers counselors and parents with information about the wide variety of approaches to enrichment and or acceleration emphasizes the major role of parents in the development of their gifted children stresses career education and guidance Four chapters are devoted to

important topics that have received very little attention to date gifted girls preschool gifted disadvantaged gifted and learning disabled gifted Finally a unique feature of the book is a chapter in which fictional portraits of gifted and creative children are presented and analyzed

A Handbook for Counseling the Gifted and Talented Barbara Kerr,1991 This handbook is organized as a practical guide for the counselor working with gifted students Chapter 1 describes intelligence testing achievement testing and other means of identifying special talents Suggestions are given to the counselor for discovering behaviors associated with various talents Chapter 2 shows how counselors can work with teachers and administrators to ensure that gifted programs are sufficiently challenging and supportive for bright students Chapter 3 explores the guidance of students whose performance in a classroom does not match their abilities as measured by tests or past performance The controversy over the definition of underachievement is discussed and a model for creating hypotheses about underachievement is presented Chapter 4 approaches the dilemma of finding the right college for the gifted student The year by year planning schedule for college decision making developed by Sandra Berger of the Council for Exceptional Children is summarized here as well Chapter 5 describes the major problems in career decision making that bright students encounter and chapter 6 describes the special problems gifted females encounter in their academic and career development Chapter 7 explores the research on the psychological adjustment of the gifted and talented as well as the specific psychological problems that may interact with giftedness The final chapter shows how guidance services can be designed and how the counselor can learn effective techniques for helping gifted students LLL
