Cosmotheandric Experience:

The Cosmotheandric Experience Raimundo Panikkar, 1998-01-01 The Cosmotheandric Experience is not a Christian or an Indic or a Buddhist study but an interdisciplinary study with a firm foundation It aims at an integration of the whole of reality We have to reconstruct the body of Prajapati even if some of the parts feel unworthy are shy or run away We have to think of all of the fragments of the present world in order to bring them together into a harmonious though not monolithic whole The Cosmotheandric principle which the author advocates could be formulated by saying that the divine the human and the earthly are three irreducible dimensions which constitute the real *The Cosmotheandric Experience* Raimon Panikkar, Raimundo Panikkar, 1993 Raimon Panikkar has lived on the boundaries between Euro America and Asia Hinduism Buddhism and Christianity philosophy science and theology mysticism and prophecy For him our old habits of mind have been dying for several generations outmoded by the arrival of a new way of intuiting reality Panikkar calls this intuition the cosmotheandric experience This cosmotheandric experience enables us today to enter into the hermeneutic circles that for thousands of years have hindered persons of different faith traditions from truly understanding the central experience of other religious families The term denotes an intertwining of the cosmic the human and the divine all interpenetrating one another as different dimensions of the Whole

An Advaitic Modernity? Andrew D. Thrasher, 2024-03-26 An Advaitic Modernity Raimon Panikkar and Philosophical Theology poses Raimon Panikkar as a stimulating dialogue partner in postmodern philosophical theology who can help us rethink the relationship between transcendence and immanence through an advaitic critique of modernity Andrew D Thrasher argues that Panikkar's advaitic critique of modernity may transform several discourses such as how Panikkar's cosmotheandric metaphysics may reshape a theology of religion and offer a religious interpretation of a relational ontology that builds on the Heideggerian ontological tradition and how Panikkar's metaphysics solves problems in Heidegger's ontology

Missio Dei, 2008 **Abhinavagupta's Hermeneutics of the Absolute Anuttaraprakriya** Bettina Bäumer, 2011 The Paratrishika Vivarana by the great Kashmiri philosopher and mystic Abhinavagupta is an extensive commentary on the Paratrishika Tantra and it is one of the most profound texts not only of non dualist Kashmir Shaivism but of Indian philosophy and mysticism in general The present work attempts to make this difficult text accessible by culling out the important themes and offering an interpretation The main focus is on the understanding of the Absolute Anuttara and the ways to realize it The central theme of mantra also leads to a mysticism of language with its philosophical implications All these reflections and practices are inscribed in the theory that everything is related to the totality every part contains the whole of reality sarvam sarvatmakam It is this holistic vision of Abhinavagupta based on the Tantras which makes this work so relevant in our times of fragmented aspects of life and knowledge in search of integration No doubt in the view of the Tantra and of Abhinavagupta language and mantra provide the key This fascinating book is an important contribution to studies and interpretations on Kashmir Shaivism its spirituality and philosophy and on Abhinavagupta in particular
