seriously devoted academic scholars However followers of each universe have been chiefly segregated rarely mingling apart from an occasional culture convention widely dominated by Star Wars Star Trek and Marvel heroes groupies This is most unfortunate because Stoker and Rowling readers have a lot in common This is because Count Dracula and Lord Voldemort have much in common In fact these two internationally acclaimed bestselling novels possess a remarkable kinship A Tale of Two Villains is a love letter to both sets of fans paying homage to two superb authors and their extraordinary respective works It is the first text to set both masterpieces on pedestals side by side analyzing the words on the page and the thoughts behind them exploring their similar themes unique parallelism and mystical symbolism The author delves profoundly into the interesting characters their traits conflicts and motivations to show how literary art is born This book is a must have for any Stoker or Rowling reader as it is the first of its kind ever published **HARPER'S MONTHLY MAGAZINE** ,1885
