Parents Adopters Donors Donor Offspring Surrogates Gay Lesbian Parents Special Interests The book provides answers to  
HOW MANY WHO ARE THEY AT WHAT COST and more There are striking similarities but also unexpected differences  
between Adoptees and Donor Offspring and those raised by their Biological Parents unexpected perhaps because data is  
scarce or has often been skewed by selective definition An example of selective definition is President Bill Clinton s famous  
comment I did NOT have sex with that woman according to his own inventive definition of sexual relations Or as Mark Twain  
said There are three kinds of lies lies damned lies and statistics This book is an at a glance resource for researchers helping  
professionals activists lawmakers journalists students composing dissertations other writers genealogists and anyone  
interested in knowing the facts about America s most secretive multi billion dollar Adoption Assisted Reproduction and  
Foster Care industries Negative data about these industries or about the outcomes of the people they claim to serve not only  
discredits long held beliefs formed from slick marketing but also can adversely affect their political and financial interests  
and so disinformation has been a hallmark of their continued growth As with many major industries new terminology  
describes their products Adoptees Birth Parents Adoptive Parent or Adopters Donors Donor Offspring Parents by Estoppel  
DeFacto Parents Foster Parents Intended Parents Custody Evaluators etc Chapters about each of these groups begin with an  
explanation of the Legal or Political terms and endeavors to answer How Many Who Are They and At What Cost Because the

terms represent people they are capitalized as one would capitalize a person's name and they are given voice Sources are indicated immediately following each statistic study or statement rather than footnoting The Bibliography details shorter cites and the extensive Index may further assist researchers Americans For Open Records **Mommy Let me Live** Lakisha Chapman,2010-10-21 *The Praeger Handbook of Adoption* Kathy S. Brinig,2000 This is a systematic account of the law and economics of the American family It explores the implications of economics for family law divorce adoption breach of promise surrogacy prenuptial agreements custody arrangements and its limitations and introduces the idea of covenant to consider the role of love trust and fidelity *Surrogate Motherhood* Martha A. Field,2009-07-01 With an Expanded Appendix on the Current Legal Status of Surrogacy Arrangements A practice known since Biblical times surrogate motherhood has only recently leaped to prominence as a way of providing babies for childless couples and leaped to notoriety through the dramatic case of Baby M Contract surrogacy is officially little more than ten years old but by 1986 five hundred babies had been born to mothers who gave them up to sperm donor fathers for a fee and the practice is growing rapidly Martha Field

examines the myriad legal complexities that today enmesh surrogate motherhood and also looks beyond existing legal rules to ask what society wants from surrogacy. A man's desire to be a biological parent even when his wife is infertile, the father's wife usually adopts the child, has led to this new kind of family, and modern technology could further extend surrogacy's appeal by making gestational surrogates available to couples who provide both egg and sperm. But is surrogacy a form of babyselling? Is the practice a private matter covered by contract law or does adoption law govern? Is it good or bad social and public policy to leave surrogacy unregulated? Should the law allow, encourage, discourage, or prohibit surrogate motherhood? Ultimately, the answers will depend on what the American public wants. In the difficult process of sorting out such vexing questions, Martha Field has written a landmark book. Showing that the problem is rather too much applicable law than too little, she discusses contract law and constitutional law, custody and adoption law, and the rights of biological fathers, as well as the laws governing sperm donation. Competing values are involved all along the legal and social spectrum. Field suggests that a federal prohibition would be most effective if banning surrogacy is the aim, but federal prohibition might not be chosen for a variety of reasons: a preference for regulating surrogacy instead of driving it underground; a preference for allowing regulation and variation by state; or a respect for the interests of people who want to enter surrogacy arrangements. Since the law can support a wide variety of positions, Field offers one that seems best to reconcile the competing values at stake. Whether or not paid surrogacy is made illegal, she suggests that a surrogate mother retain the option of abiding by or canceling the contract up to the time she freely gives the child to the adopting couple. And if she cancels the contract, she should be entitled to custody without having to prove in court that she would be a better parent than the father.

**Children and Youth in Adoption, Orphanages, and Foster Care** Lori Askeland, 2006. Divided into three sections, this collection of original essays reviews the practice of adoption, orphanage placement, and foster care from the colonial period to the present day. Featuring a strong focus on developments in the 20th century, the book also covers representations of orphans that have populated children's literature, from the folk tales of many different cultures to films that constitute part of the cultural inheritance of American children. Selected primary documents, including materials by children, as well as an in-depth bibliographic section, provide crucial information and insight for high school and college students, social workers, journalists, and the general reader.

**BOOK JACKET** [Adoption in America](#) E. Wayne Carp, 2002-12-09. Provides an overview of adoption in the United States from the colonial era to the present, covering such topics as antebellum adoption and orphanages, Progressive Era reform, and the effect of World War II on adoption practices.
