Marriage as a National Fiction Dagmar Stöferle, 2023-02-15 There is a prehistory of the adultery novel which became a pan European literary paradigm in the second half of the 19th century In the wake of the French Revolution secular marriage legislation emerges producing a metaphorical surplus that is still effective today Using legal history and canonical literary texts from Rousseau to Goethe and

Manzoni to Hugo and Flaubert this book traces how marriage around 1800 became a figure of reflection for the modern nation state In the process original contributions to the philology of the individual texts emerge At the same time law and literature are made fruitful for a historical semantics of society and community This book is a translation of an original German 1st edition Ehe als Nationalfiktion by Dagmar St ferle published by J B Metzler imprint of Springer Verlag GmbH Germany part of Springer Nature in 2020 The translation was done with the help of artificial intelligence machine translation by the service DeepL com The author with the support of Chris Owain Carter has subsequently revised the text further in an endeavour to refine the work stylistically

Faith in Adultery Kathleen Elizabeth Sumpton,2021-10-06 It is the middle of winter and Iris Angel is getting lonelier as the temperature drops She is almost 27 years old and most of the people she knows are engaged married or have had children She has spent her life up until now focusing on her career and decides that it is now time to start taking her love life more seriously However London Ontario can drop down to minus 40 degrees in the winter so she knows she must act fast It isn t long before Iris meets Adam Black the man of every woman s dreams He is perfect good looking the same age as her and successful What none of the characters in this story realize is that they are about to embark on one of the messiest relationships of the 21st century At some point each of the characters plays their role in the act of an affair It is impossible to reprimand any one single person participating in the affair It becomes clear that this is an issue of society and we need to start looking at it through a new lens in order for that to change *Faith in Adultery* is a satire on modern relationships and the main tool we can use to both strengthen a relationship as well as destroy one communication To have faith in adultery is to believe in the truth and strength of the love we have for ourselves each other and God no matter what happens The question that this book raises in particular is How can we learn to communicate better with each other in order to avoid the complications the story poses The answer to this question is not a simple one but as the story unfolds there are clues given to the reader as to the valuable lessons contained within every answer
