Corruption The Asian Experience:

Corruption Sunil Sondhi, 2002 **Challenging Corruption in Asia** Vinay Kumar Bhargava, Emil P. Bolongaita, 2004

Challenging Corruption in Asia provides an analytical framework to explore and attempt to answer these questions Drawing on their experience as public policy advisors and implementers of anticorruption programs the authors outline a six step approach to developing effective anticorruption strategies tailored specifically to a country s pattern of corruption and conditions of governance Case studies are written by researchers and policy advisors from Indonesia the Philippines Thailand and South Korea Together they illustrate the impact of country specific patterns of corruption and governance on anticorruption effectiveness Emphasis is placed on choosing anticorruption instruments suited to the governance environment on the key roles played by anticorruption champions especially civil society organizations and the media and on the need to make information on the extent and perceptions of corruption widely available R sum de l diteur Preventing Corruption in Asia Ting Gong, Stephen K. Ma, 2012-07-26 Despite intensified governmental and public efforts at corruption control in recent years official transgression continues to surface in various ways of abusing the unique power and trust that a government holds Preventing Corruption in Asia addresses a number of crucial questions What institutional arrangements are necessary to ensure a clean and honest government What self regulatory capabilities must government institutions develop in order to maintain integrity How should a sense of ethical responsibility be instilled in the civil services Do special anti corruption agencies help keep government clean How will a regulatory framework of official conduct work properly How useful are anti corruption campaigns in containing corruption Focusing on a number of carefully selected countries in the Asia and Pacific region the book sets as its focal point the choice of institutional design in preventing corruption rather than treating corruption as a practical or technical problem to be corrected by strong political will and good anti corruption policy measures While focusing on institutional designs and policy choices the book also examines other aspects of clean government such as the social environment legal and regulatory framework role of the public and the impact of culture

Routledge Handbook of Corruption in Asia Ting Gong, Ian Scott, 2016-11-25 Corruption in Asia ranges from the venal rent seeking of local officials to the million dollar bribes received by corrupt politicians from excessive position related consumption to future job offers in the private sector for compliant public servants from money laundering to white elephant projects that do little more than line the pockets of developers and their political partners The Routledge Handbook of Corruption in Asia addresses the theories issues and trends in corruption and anticorruption reform that have emerged from this diverse experience The book is divided into four major parts corruption and the state corruption and economic development corruption and society and controlling corruption strategies successes and failures Chapters compare and contrast corruption in different social and institutional contexts examine both successful and unsuccessful attempts to control it and consider what lessons can be drawn from these Asian experiences This academically rigorous and insightful
