

# The Ancient Cosmic Language

An illustrated exploration of the language depicting the stars in the heavens and their meanings

**Bryan Lang and Dr. Brian Zang**

# Cosmic Language

**Franz Bardon**

## **Cosmic Language:**

The Key to the True Kabbalah Franz Bardon,2014-06-01 In *The Key to the True Kabbalah* Franz Bardon demonstrates that mysticism of letters and numbers the true Kabbalah is a universal teaching of great antiquity and depth Throughout the ages adepts of every time and place have achieved the highest levels of magical attainment through the understanding of sound color number and vibration as embodied in the Kabbalah This book the third in Franz Bardon s remarkable text of Hermetic magic is nothing less than a practical guide to such attainment Using the common German alphabet Bardon guides the reader through ever greater levels of Kabbalistic achievement No other available text reveals as great a depth of Kabbalistic wisdom or provides the reader with as much practical training Though intended primarily as a working text for those who have completed Bardon s first and second volumes *Initiation into Hermetics* and *The Practice of Magical Evocation* the present work stands on its own and even those without the requisite background in practical Hermetics will be fascinated by the author s intellectual journey through the mysticism of Tantric India Tibet the Hebrew Kabbalah and the ancient sources of the Western magical tradition

*Three Great Books on Magic* Franz Bardon,2020-12-06 This volume contains three books of Franz Bardon 1 *Initiation into Hermeticism* 2 *The Practice of Magical Evocation* 3 *The True Key to the Quabbalah* In reality magic is a sacred science it is in the very true sense the sum of all knowledge because it teaches how to know and utilize the sovereign rules There is no difference between magic and mysticism or any other conception of the name Wherever authentic initiation is at stake one has to proceed on the same basis according to the same rules irrespective of the name given by this or that creed Considering the universal polarity rules of good and evil active and passive light and shadow each science can serve good as well as bad purposes Let us take the example of a knife an object that virtually ought to be used for cutting bread only which however can become a dangerous weapon in the hands of a murderer All depends on the character of the individual This principle goes just as well for all the spheres of the occult sciences In my book I have chosen the term of magician for all of my disciples it being a symbol of the deepest initiation and the highest wisdom

*Homeopathic Therapeutics of Tuberculosis* W. M. H. Burt,2000 The authors have divided pulmonary tuberculosis into twelve of it s most prominent characteristic symptoms and given a plenary treatment of each symptom believing that in doing so it would greatly aid the practitioner in successfully combating it s fatal ravages General atonic condition of the body Emaciation Debility Haemoptysis Asthma Hectic fever Night Sweats Aphthae Diarrhoea Pain Bed sores The pathology of the disease has been entirely omitted it being so fully written in our works on pathology which are n hands of every practitioner In writing the treatment of each symptom the authors have collected together from textbooks and journals a vast amount of information that has been written on this disease and put in such shape that the busy physician and student can grasp and utilise it at once without having to search over their whole library whenever a case presents itself for treatment

Undines William R. Mistele,2011-06-07 Undines from the Latin root unda which means wave are water elementals or spirits of the

water world Like their fellow elementals salamanders fire sylphs air and gnomes earth undines are united with and personify their element First mentioned in the alchemical works of medieval botanist Paracelsus undines appear throughout European folklore Who are these mysterious creatures of lakes oceans and waterfalls Undines takes readers directly into the water spirits realm through stories personal encounters and interviews with such luminaries as Istiphul the undine queen whose presence embodies the magical essence of the feminine Whether seen as fact or fairy tale Undines presents archetypal truths and insights into human nature The powers and abilities that undines display are latent in us all and crucial to humanity s evolution or mere survival harmony with nature empathy and compassion a deep capacity to love and a cooperative rather than combative relationship to the world Undines will appeal broadly to readers of mythology fantasy and fairy tales particularly to practitioners that work with nature spirits and elemental beings Druids Wiccans pagans and those interested in magic and mysticism

**Mermaids, Sylphs, Gnomes, and Salamanders** William R. Mistele, 2012-10-23 Although the spirit beings of the four elements of nature have been represented in literature religion and folk tales descriptions of these creatures have been vague and direct experience with them is quite rare Yet each of the four elemental kingdoms offers great gifts to humanity if we are willing to recognize that the psychological and spiritual qualities they embody are already inherent in human nature Mermaids dwell in the oceans lakes and rivers They offer love and sharing a sense of wonder beauty and innocence Sylphs roam the sky they represent harmony balance and the attainment of freedom Gnomes live underground Their quiet inner wisdom banishes depression and sorrow Salamanders dwell in volcanoes and vast caverns of magma beneath the earth They offer the power of intense heat to refine transform and integrate Who are these mysterious creatures of water air earth and fire Author William Mistele has devoted a significant portion of his life to finding out Addressing the perennial questions Why are we here What is the deepest purpose of life What are our options Mermaids Sylphs Gnomes and Salamanders takes the reader directly into the realms of these spirits telling stories from their perspective Weaving together fairy tales and poems thoughtful analysis and meditative exercises Mistele illuminates the qualities these beings have mastered and humanity must begin to embrace empathy an inner peace with the universe a divine level of sensuality and a love that is everywhere in every moment

*The Green Wizard* Joel Riojas, 2022-12-22 Brownie Kickfinger believed that he was meant for nothing He certainly felt like nothing His father was a criminal most of his family wanted nothing to do with him and his grandfather the one man he thought he could look up to had disappeared Brownie left home and ended up in the land of Devansh a land of beauty and mystique of magic and wonder of strife and challenge searching either for purpose or a place to disappear On his journey he encountered Lata a curious woman in the woods who showed him that he is in fact very special he s a wizard a member of an ancient cult who have pledged themselves to the protection and enlightenment of Devansh As Brownie struggles to learn all he can of his power and bloodline he is thrust into a brewing war led by a macabre and barbarous dark wizard and his zealot army
