Brahmandic Gyanum [Universal Knowledge] Vashisht Vaid, 2012-10-26 This book called Brahmandic Gyanum meaning universal knowledge may provide the reader the required conscious awareness needed to come to terms with the secret knowledge of universe Brahmanda as most evolving humans are stuck in their day to day material lives which is due to the polarization of their evolving consciousness in the world of glamour through their emotional bodies commonly known as the astral body Mano may kosha or kama manas

Sci-Fi Film Fiesta Chris Christopoulos, 2022-11-24 The science fiction films from the 1950s that feature in this volume imaginatively depict what could happen during a time of alien contact in the form of transmission of messages and visitations to the planet earth Such films also serve to reflect the kinds of fears that were prevalent at the time as well as offering commentary concerning the state of human affairs on our own planet It is interesting to note just how much of this can apply to our own era in the 21st century

How God Became God Richard M. Smoley, 2016-06-07 This epic thrilling journey through Bible scholarship and ancient religion shows how much of Scripture is historically false yet the ancient writings also resound with theologies that crisscrossed the primeval world and that direct us today toward a deep inner authentic experience of the truly sacred From a historical perspective the Bible is shockingly provably wrong a point supported by today's best archaeological and historical scholarship but not well understood by or communicated to the public

Yet this emphatically does not mean that the Bible isn't in some very real measure true argues scholar of mysticism Richard Smoley Smoley reviews the most authoritative historical evidence to demonstrate that figures such as Moses Abraham and Jesus are not only unlikely to have existed but bear strong composite resemblances to other Near Eastern religious icons Likewise the geopolitical and military events of Scripture fail to mesh with the largely settled historical time line and social structures Smoley meticulously shows how our concepts of the Hebrew and Christian God including Christ himself are an assemblage of ideas that were altered argued over and edited until their canonization This process to a large degree gave Western civilization its consensus view of God But these conclusions are not cause for nihilism or disbelief Rather beneath the metaphorical figures and mythical historicism of Scripture appears an extraordinary truly transcendent theology born from the most sacred and fully realized spiritual and human insights of the antique Eastern world Far from being untrue the Bible is remarkably extraordinarily true as it connects us to the sublime insights of our ancient ancestors and points to a unifying ethic behind many of the world's faiths
