

The Cosmic Laws of *Cosmic Awareness*

From the inside of this book:

“The Universal law is that knowledge, that awareness, that all living things, that all life has within it that vitality, that strength, to gather from itself all things necessary for its growth and its fruition.”

From the back cover of the hardcopy edition:

This book presents inspiring insights that make clear how universal regularities work in our lives. These concise, spiritual reflections emphasize that we are part of a universe which in essence is one living and creating awareness. Being connected with this awareness enables us to develop inner wisdom and to experience love and respect for every living thing.

Never before have this many universal laws been brought together in one book. Innumerable subjects are placed in the inspiring light of a new age, in a surprisingly clear and concrete way. This book meets a growing need of accurate phrasing of higher laws, which bring freedom and increased awareness.
