independent stations had to fill a vast expanse of air time with comedy adventure mystery drama and music night after night It s no surprise that producers and writers looked to outside sources drawing some of old time radio s most beloved characters Sherlock Holmes Tarzan Hopalong Cassidy Buck Rogers directly from books This work examines individual characters that jumped from prose to radio and a number of programs that specialized in dramatizing literature It covers mystery and detective shows adventure stories westerns and science fiction and anthology shows that adapted novels by such greats as Twain Steinbeck and Dickens The text explores how the writers and producers approached the source material what they changed what they kept and what they left out
