Count Bohemond:

Count Bohemond Alfred Leo Duggan, 1964 **Count Bohemond** Alfred Leo Duggan, 1964 **Love Beyond Time** Mehmet Tanberk, 2013-07-10 Long before the universe is created there is no concept of time or place In this ocean of absolute wisdom and existence the Lord contemplates creating a planet where humans will not only know him but also be respected and loved by the angels As the creation unfolds one of the angels is so enchanted by the process that he desires to be a part of human evolution It is not long before the Great Angel is born in ancient Nubia to a mother who makes the ultimate sacrifice As he takes his first breath his mother dies but not before she makes his brother Kumma promise to look after the baby who is named Semneh Fifteen years later Semneh and Kumma have grown into men After Kumma saves the life of an Egyptian prince he and his brother are taken to the prince's palace where they begin a new life Kumma joins the Egyptian army and Semneh becomes an artist But when both brothers fall in love with a beautiful princess their lives change forever Semneh commits an act that he will carry with him for the rest of this life and beyond In this visionary tale ancient Egypt and Anatolian civilizations collide as a soul is reincarnated through multiple lifetimes in the quest for salvation *A Conspiracy of Prophets* Suzannah Rowntree, 2022-01-06 The last thing Lukas Bessarion wants is to warn the crusaders yet if he refuses a bloodthirsty demon will seize power Syria 1098 After a gruelling siege the crusaders finally capture Antioch but within days the besiegers become the besieged Clawing for survival in a doomed city the Franks turn to a new power for help the mad prophet Peter Bartholomew Plagued by his own unwanted visions Lukas Bessarion knows the vicious Bartholomew is controlled by the demon Lilith now growing in power But none of the Franks from naive ladies to murderous counts and princes obsessed with political rivalry seem worth saving Worse if Lukas accepts his destiny as a prophet he'll need to renounce earthly power like his father's enchanted lance hidden beneath Antioch With the Lance he hopes to avenge his beloved Ayla and lead his own people to victory But Lukas isn't the only one who wants the Lance Lilith's thirst for blood is insatiable And to satisfy it she will stop at nothing to gain control of Lukas the Lance and the entire crusade *The Watchers of Outremer* historical fantasy series continues with this dark and thrilling sequel to SPFBO finalist *A Wind from the Wilderness* Pick up *A Conspiracy of Prophets* today to experience the darkest days of the First Crusade as demons and demigods battle for the soul of an army Waverley Novels Walter Scott, 1887 **Count Robert of Paris** Walter Scott, 1874 **Smith College Studies in History**, 1918 *A Wind from the Wilderness* Suzannah Rowntree, 2018-10-29 Hunted by demons Lost in time Welcome to the First Crusade Syria 636 As heretic invaders circle Jerusalem young Lukas Bessarion vows to defend his people Instead disaster strikes His family is ripped apart His allies are slaughtered And Lukas is hurled across the centuries to a future where his worst nightmares have come true Constantinople 1097 Ayla may be a heretic beggar but she knows one thing for sure six months from now she will die Before then she must avenge her father's murder or risk losing her soul Desperate to find their way home Lukas and Ayla join the seven armies marching east to liberate Jerusalem If Lukas

succeeds in his quest he'll undo the invasion and change the course of history. But only as long as Ayla never finds out who he really is. Dark magic, bloody warfare, and star-crossed love collide in this utterly enthralling historical fantasy perfect for fans of *Outlander* and *City of Brass*. [The Crusades and the Far-Right in the Twenty-First Century](#) Charlotte Gauthier, 2024-09-04. Engaging the Crusades is a series of concise volumes up to 50,000 words which offer initial windows into the ways in which the crusades have been used in the last two centuries, demonstrating that the memory of the crusades is an important and emerging subject. Together these studies suggest that the memory of the crusades in the modern period is a productive, exciting, and much-needed area of investigation. This volume explores how crusading rhetoric, iconography, and historiography have been purposed by far-right nationalist and related groups in the recent past through case studies as varied as Brenton Tarrant who killed 51 people at a mosque and Islamic centre in New Zealand in March 2019, a modern American military order that uses memes to recruit members and spread its ideology, and the bestselling video game *Assassin's Creed*. As nationalist and far-right ideologies have gained adherents in Europe and the Americas, understanding how ideologues have misused the crusading past for their own ends is more important than ever. *The Crusades and the Far-Right in the Twenty-First Century* is useful for all students and scholars interested in the intersection between the history of the crusades and far-right ideology in the modern age. *Tyrants of Sicily* by Hugo Falcandus, 2013-01-01. This book is our principal source for the history of the Kingdom of Sicily in the troubled years between the death of its founder King Roger in February 1154 and the spring of 1169. It covers the reign of Roger's son King William I, known to later centuries as the Bad, and the minority of the latter's son William II the Good. The book illustrates the revival of classical learning during the twelfth-century renaissance. It presents a vivid and compelling picture of royal tyranny, rebellion, and factional dispute at court. Sicily had historically been ruled by tyrants, and that the rule of the new Norman kings could be seen for a variety of reasons as a revival of that classical tyranny. A more balanced view of Sicilian history of the period 1153-1169 has been provided as an appendix to the translation in the section of the contemporary world chronicle ascribed to Archbishop Romuald II of Salerno, who died in April 1181. In particular, the chronicle of Romuald enables us to see how the papal schism of 1159 and the simultaneous dispute between the German Emperor Frederick Barbarossa and the north Italian cities affected the destiny of the kingdom of Sicily. In contrast to the shadowy figure of Hugo Falcandus, the putative author of the principal narrative of mid-twelfth-century Sicilian history, Romuald II, Archbishop of Salerno, 1153-1181, is well documented.
