King Kong On 4th Street Jagna Wojcicka Sharff, 2018-02-19 This book chronicles an ethnographic team's involvement over a span of fifteen years with the people of a poor largely Puerto Rican neighborhood in New York City Jagna Sharff focuses on a group of families who live within a radius of a few blocks of her storefront office especially the children who come first to interact with the team She contrasts her team's initial observations of how people grapple with daily life with the residents' expressed hopes and dreams in a community lacking jobs but rife with underground activities Through lively and interconnected stories she traces over time the fate of the neighborhood and the outcomes for individual children and adults during an era when the local and national policy of the war on poverty was transmuted into a war against the poor The book's lyrical cinematically vivid style makes it appealing both for college social science courses and for the general public In King Kong on 4th Street Jagna Sharff chronicles an ethnographic team's involvement over a span of fifteen

years with the people of a poor largely Puerto Rican neighborhood in New York City Anchoring her observations in field notes she recounts the joys fears and disappointments of daily life as well as the drama of large events Arson the murder of a popular local teenager the mobbing of a grocery store as an act of retribution for his death are projected onto a canvas of shifting local and national policies toward poor people and neighborhoods Sharff provides new insights into gender and family roles how adaptations to available resources from the welfare state may shape the membership of households and how children may be trained for specific adult roles that will advance the family's well being She also reveals how the underground economy particularly the commerce in drugs whose profits are realized outside of the neighborhood undermines neighborhood wide solidarity and sends people scrambling against one another for jobs in the quasi licit and illicit sector Following the lives of a number of families into the next generation Sharff's ethnographic team documents how external political decisions that change the war on poverty into a war on the poor affected them Paramilitary sweeps of the neighborhood in tandem with gentrification and declining social services produce severe dislocations and relocation to homeless shelters welfare hotels and prisons But the reality described is not all grim The book's vivid style shows that life is more than grim reality People get real pleasure from raising children and taking part in the human drama around them Kinfolk real and fictive keep each other afloat and reconnected to new neighborhoods and opportunities including that of upward mobility through religious conversion Adults and children achieve satisfaction and a measure of security through grit wit and acts of heroism and solidarity
