Philip K. Dick

Counter Clock World:

Counter-Clock World Philip K. Dick, 2012-04-17 Counter Clock World is a theological and philosophical adventure in a world set in reverse from the Hugo Award winning science fiction novelist Philip K Dick author of *The Man in the High Castle* and *Do Androids Dream of Electric Sheep* the basis for the film *Blade Runner* Time has begun moving backward People greet each other with goodbye blow smoke into cigarettes and rise from the dead When one of those rising dead is the famous and powerful prophet Anarch Peak a number of groups start a mad scramble to find him first but their motives are not exactly benevolent because Anarch Peak may just be worth more dead than alive and these groups will do whatever they must to send him back to the grave What would you do if your long dead relatives started coming back Who would take care of them And what if they preferred being dead In Counter Clock World these troubling questions are addressed though as always you may have to figure out the answers yourself Dick is the American writer who in recent years has most influenced non

American poets novelists and essayists Roberto Bolaño **Worlds Enough and Time** Gary Westfahl, George Slusser, David A. Leiby, 2002-06-30 With our lives firmly controlled by the steady pace of time humans have yearned for ways to escape its constraints and authors have responded with narratives about traveling far into the past or future reversing the flow of time or creating alternate universes where Napoleon was triumphant at Waterloo or the South won the Civil War Writers ranging from Dante and Lewis Carroll to Philip K Dick and Martin Amis have probed into the workings of time and an overwhelming desire to master time reverberates throughout popular culture This book considers how imaginative works involving time and time travel reflect ongoing scientific concerns and examine the human condition The scope of the volume is unusually wide covering such topics as Dante the major novels of the 19th century and stories and films of the 1990s The book concludes with a lengthy bibliography of short stories and novels films and television programs and nonfiction works that feature time travel or speculations about time With a roster of contributors that includes several of the field's major scholars this book offers many new insights into this fascinating subject **Pink Beam** Lord R, 2007-07-01 A study of the novels and short stories of science fiction writer Philip K Dick 1928-1982 with presentation of a literary chronology of his career

Postmodern Science Fiction and Temporal Imagination Elana Gomel, 2010-10-28 Through the lens of science fiction this book investigates representations of time in postmodernism The Esoteric Theology of Philip K. Dick Michael C. Barros, George J. Sieg, 2026-01-08 Drawing on various scholarly and theological perspectives the book explores the significance of Philip K Dick's esoteric Christian theology and his singular mystical gnosis *Time Out Of Joint* Philip K. Dick, 2012-10-23 From the Hugo Award winning author of *The Man in the High Castle* Philip K Dick's twisty and paranoid *Time Out of Joint* is marvelous terrifying fun especially if you've ever suspected that the world is an unreal construct built solely to keep you from knowing who you really are Which it is of course Rolling Stone The time is out of joint O cursed spite That ever I was born to set it right William Shakespeare's Hamlet Act I Scene V Ragle Gumm has a unique job every day he

wins a newspaper contest And when he isn't consulting his charts and tables he enjoys his life in a small town in 1959 At least that's what he thinks But then strange things start happening He finds a phone book where all the numbers have been disconnected and a magazine article about a famous starlet he's never heard of named Marilyn Monroe Plus everyday objects are beginning to disappear and are replaced by strips of paper with words written on them like bowl of flowers and soft drink stand When Ragle skips town to try to find the cause of these bizarre occurrences his discovery could make him question everything he has ever known [New Worlds](#), 1993 [Martian Time-Slip](#) Philip K. Dick, 2012-10-23 Combining political intrigue time travel family drama and all the perils that come with being the first at anything Hugo Award winning author Philip K Dick's *Martian Time Slip* follows a group of exiled colonists on Mars and the ten year old psychic among them a boy so powerful he not only looks into the future but can send people there The writing is humorous painful awesome in its effect on both mind and heart There are few modern novels to match it *Rolling Stone* On an arid Mars local bigwigs compete with Earth bound interlopers to buy up land before the UN develops it and its value skyrockets Martian Union leader Arnie Kott has an ace up his sleeve though an autistic boy named Manfred who seems to have the ability to see the future In the hopes of gaining an advantage on a Martian real estate deal powerful people force Manfred to send them into the future where they can learn about development plans But is Manfred sending them to the real future or one colored by his own dark and paranoid filter As the time travelers are drawn into Manfred's dark worldview in both the future and present the cost of doing business may drive them all insane **(Dis)Orienting Media and Narrative Mazes** Julia Eckel, Bernd Leiendecker, Daniela Olek, Christine Piepiorka, 2014-03-15 Dis Orientation appears to be a phenomenon that is connected to media in numerous respects today finding your way in the world often means finding your way with the help of as well as within media which in turn creates new virtual realms of dis orientation This book deals with recent media technologies and structures navigation devices databases transmediality and unconventional narrative patterns narrative complexity plot twists non linearity using the ambivalent concept of dis orientation as a shared focus to analyse various phenomena of contemporary media thereby raising overarching questions about current mediascapes **The Man in the High Castle** Philip K. Dick, 2012-01-24 In this Hugo Award winning alternative history classic the basis for the Amazon Original series the United States lost World War II and was subsequently divided between the Germans in the East and the Japanese in the West It's America in 1962 Slavery is legal once again The few Jews who still survive hide under assumed names In this world we meet characters like Frank Frink a dealer of counterfeit Americana who is himself hiding his Jewish ancestry Nobusuke Tagomi the Japanese trade minister in San Francisco unsure of his standing within the bureaucracy and Japan's with Germany and Juliana Frink Frank's ex wife who may be more important than she realizes These seemingly disparate characters gradually realize their connections to each other just as they realize that something is not quite right about their world And it seems as though the answers might lie with Hawthorne Abendsen a mysterious and reclusive author whose best

selling novel describes a world in which the US won the War The Man in the High Castle is Dick at his best giving readers a harrowing vision of the world that almost was The single most resonant and carefully imagined book of Dick s career New York Times

The Myths of Time Hugh Rayment-Pickard,2004 An original and stimulating examination by Hugh Rayment Pickard of the theology of time and history drawing from art literature philosophy theology and everyday life to show how we experience time Publisher

Mind in Motion Patricia S. Warrick,1987 Discussed here are the eight novels that Patricia Warrick considers representative of Dick s finest writing the works that will become classics including The Man in the High Castle and Do Androids Dream of Electric Sheep Warrick shows that Dick had a remarkable sense of the cultural transformation taking place in the last half of the 20th century Dick points out the cracks in our institutions our ideologies and our value systems that will inevitably lead to their collapse His moral vision perceived a universe of infinite possibility with shapes that constantly transformed themselves a universe in process And his mind was a mind in motion constantly questioning finding answers rejecting them in order to seek other possibilities For Dick having fixed unchangeable answers was tantamount to entropy and death
