All Saints Street, Old Town, TN39 3BN

Informal and friendly corner pub with interesting food, local ales and simple furnishings - a good find

With an easy-going and gently quirky feel, this is a bustling little corner pub in the Old Town and just up from the sea. The simply furnished bar has bare boards, plain chairs around tables inlaid with games and set with posies of flowers, a log fire and plenty of windows to keep everything light (despite the dark paintwork); a snug has leather armchairs in front of another open fire, a couple of tables, and books and house plants on a windowsill and mantelpiece; board games. Stools line the counter where they keep four changing ales from breweries such as Bedlam, Franklins, Old Dairy and Three Legs on handpump, 15 good wines by the glass, 17 gins, 17 whiskies and local cider; service is friendly and helpful. There's a dining area at one end of the bar with scatter cushions on wall seats, mismatched chairs and some sizeable tables. Local art hangs on the walls (some for sale) and on our visit one window was hung with bright neckties and lined with shelves of local pottery, greetings cards and hand-made purses; daily papers and background jazz or blues music. Dogs and children receive a genuinely warm welcome. There are a few picnic-sets at the front.

I As well as good weekend brunches (11am-2pm), the enterprising food includes lunchtime sandwiches on home-made ciabatta, spicy nduja (spreadable Italian pork sausage) and salami hash brown with fried egg and home-made ketchup, sea spinach and wild garlic fritter with tomato and cayenne dip, roast squash and goats cheese wellington with roast root vegetable ratatouille, fish pie with parsley mash, wild mallard (breast, confit leg, crispy wing) with mushrooms, fondant parsnip and gravy, cod fillet with braised carrot and bay purée, and puddings such as cardamom and cinnamon chocolate slice and Sussex honey sponge pudding with vodka toffee sauce and salted caramel ice-cream. *Benchmark main dish: local pork chop with suede purée, braised chicory and pan juices £14.00. Two-course evening meal £20.00.*

Popularized by Michael Pollan in his best selling *In Defense of Food* Gyorgy Scrinis's concept of nutritionism refers to the reductive understanding of nutrients as the key indicators of healthy food an approach that has dominated nutrition science dietary advice and food marketing Scrinis argues this ideology has narrowed and in some cases distorted our appreciation of food quality such that even highly processed foods may be perceived as healthful depending on their content of good or bad nutrients Investigating the butter versus margarine debate the battle between low fat low carb and other weight loss diets and the food industry's strategic promotion of nutritionally enhanced foods Scrinis reveals the scientific social and economic factors driving our modern fascination with nutrition Scrinis develops an original framework and terminology for analyzing the characteristics and consequences of nutritionism since the late nineteenth century He begins with the era of quantification in which the idea of protective nutrients caloric reductionism and vitamins curative effects took shape He follows with the era of good and bad nutritionism which set nutricentric dietary guidelines and defined the parameters of unhealthy nutrients and concludes with our current era of functional nutritionism in which the focus has shifted to targeted nutrients superfoods and optimal diets Scrinis's research underscores the critical role of nutrition science and dietary advice in shaping our relationship to food and our bodies and in heightening our nutritional anxieties He ultimately shows how nutritionism has aligned the demands and perceived needs of consumers with the commercial interests of food manufacturers and corporations Scrinis also offers an alternative paradigm for assessing the healthfulness of foods the food quality paradigm that privileges food production and processing quality cultural traditional knowledge and sensual practical experience and promotes less reductive forms of nutrition research and dietary advice **Good Eating's Quick Breads**
