The Bray family, this photograph is believed to be Corporal Ezekiel Bray who served in Company A, 16th Georgia Cavalry, Collet's Brigade. Wounded during a skirmish near Seven Pines, Virginia in June of 1862, Bray was far in the back and was disabled from field service. As soon as his wound healed, he returned to his regiment as a private and by the end of the war and was later discharged. Bray never regained the full use of his leg, which caused him great hardship. The jacket is made of wool and covered entirely by a dark layer of cloth which also serves as the lining. The buttons are made of brass and the button neck, smoothed felt cushions from the words "Confederate Cavalry" printed in the center of the button. The buttons are arranged in three rows. *Civil War Times Illustrated*, 1994      White Robes and Burning Crosses Michael Newton, 2016-04-14 With its fiery crosses and nightriders in pointed hoods and flowing robes the Ku Klux Klan remains a recurring nightmare in American life What began in the earliest post Civil War days as a social group engaging in drunken hijinks at the expense of perceived inferiors soon turned into a murderous paramilitary organization determined to resist the evils of radical Reconstruction For six generations and counting the Klan has inflicted misery and death on countless victims nationwide and since the early 1920s has expanded into distant corners of the globe From the Klan's post Civil War lynchings in support of Jim Crow laws to its bloody stand against desegregation during the 1960s to its continued violence in the militia movement at the turn of the 21st century this revealing volume chronicles the complete history of the world's oldest surviving terrorist organization from 1866 to the present The story is told without embellishment because as this work demonstrates the truth about the Ku Klux Klan is grim enough

**Civil Wars, Civil Beings, and Civil Rights in Alabama's Black Belt** Bertis D. English, 2020-10-06 Reconstruction politics and race relations between freed blacks and the white establishment in Perry County Alabama In his fascinating in depth study Bertis D English analyzes why Perry County situated in the heart of a violence prone subregion of Alabama enjoyed more peaceful race relations and less bloodshed than several neighboring counties Choosing an atypical locality as central to his study English raises questions about factors affecting ethnic disturbances in the Black Belt and elsewhere in Alabama He also uses Perry County which he deems an anomalous county to caution against the tendency of some scholars to make sweeping generalizations about entire regions and subregions English contends Perry County was a relatively tranquil place with a set of extremely influential African American businessmen clergy politicians and other leaders during Reconstruction Together with egalitarian or opportunistic white citizens they headed a successful campaign for black agency and biracial cooperation that few counties in Alabama matched English also illustrates how a significant number of educational institutions a high density of African American residents and an unusually organized and informed African American population were essential factors in forming Perry County's character He likewise traces the development of religion in Perry the nineteenth century Baptist capital of Alabama and the emergence of civil rights in Perry an underemphasized center of activism during the twentieth century This well researched and comprehensive volume illuminates Perry County's history from the various perspectives of its black interracial and white inhabitants amplifying their own voices in a novel way The narrative includes rich personal details about ordinary and affluent people both free and unfree creating a distinctive resource that will be useful to scholars as well as a reference that will serve the needs of students and general readers
