20 Thesen Zum Christsein:

Anglicanism John A. Moses, 2019-11-01 In this collection of essays the author combines the critical eye of a professional historian with the passion of a dismayed churchman in his analysis of the current malaise of the Anglican Church in Australia His analysis is indebted to his study of totalitarianisms in Nazi Germany and Soviet Russia as he calls for a recovery of tolerance

Combatting Totalitarianism John A. Moses, 2024-05-16 St Paul the apostle to the gentiles has bequeathed guidelines for both personal and political behavior to individual citizens and to states that have retained their relevance to humanity to this day However his statement in Romans 13 that the powers that be are ordained of God has been interpreted in conflicting ways especially since the time of Martin Luther in sixteenth century Germany Luther's occasional insistence that the ruler had to be obeyed unquestionably led to a political culture in Prussia Germany that was systematized by the philosopher G W F Hegel 1770 1831 His teachings gave rise to the disastrous ultra authoritarian regimes of both Marxist Leninism left wing Hegelianism and National Socialism right wing Hegelianism The author of this book being equipped with a long training in Prusso German history has explained how this happened and why both Imperial Germany and the Nazi Third Reich unleashed expansionist wars and justified them with ideologies that were both hostile to Western European and transatlantic democratic parliamentary values The author's familiarity with the contemporary history of both the liberal parliamentary West Germany and the authoritarian communist East Germany has enabled him to portray the internecine German debate that was largely influenced by the remarkable ministry of the martyred Lutheran pastor Dietrich Bonhoeffer
