Deep Learning in Biometrics Mayank Vatsa, Richa Singh, Angshul Majumdar, 2018-03-05 Deep Learning is now synonymous with applied machine learning. Many technology giants e.g. Google, Microsoft, Apple, IBM, as well as start-ups are focusing on deep learning based techniques for data analytics and artificial intelligence. This technology applies quite strongly to biometrics. This book covers topics in deep learning namely convolutional neural networks, deep belief network and stacked autoencoders. The focus is also on the application of these techniques to various biometric modalities: face, iris, palmprint and fingerprints while examining the future trends in deep learning and biometric research. Contains chapters written by authors who are leading researchers in biometrics. Presents a comprehensive overview on the internal mechanisms of deep learning. Discusses the latest developments in biometric research. Examines future trends in deep learning and biometric research. Provides extensive references at the end of each chapter to enhance further study.

Radio's Second Century John Allen Hendricks, 2020-03-13 Winner of the 2022 Broadcast Education Association Book Award. One of the first books to examine the status of broadcasting on its one hundredth anniversary, *Radio's Second Century* investigates both vanguard and perennial topics relevant to radio's past, present and future. As the radio industry enters its second century of existence, it continues to be a dominant mass medium with almost total listenership saturation despite rapid technological advancements that provide alternatives for consumers. Lasting influences such as on-air personalities, audience behavior, fan relationships and localism are analyzed as well as

contemporary issues including social and digital media Other essays examine the regulatory concerns that continue to exist for public radio commercial radio and community radio and discuss the hindrances and challenges posed by government regulation with an emphasis on both American and international perspectives Radio's impact on cultural hegemony through creative programming content in the areas of religion ethnic inclusivity and gender parity is also explored Taken together this volume compromises a meaningful insight into the broadcast industry's continuing power to inform and entertain listeners around the world via its oldest mass medium radio Leonard Maltin's Movie and Video Guide, 1994 *Advances in Biometrics* N.
