Applied Theosophy and Other Essays Henry Steel Olcott, 1975 *Paschal Beverly Randolph* John Patrick Deveney, 1997-01-01 His most enduring claim to fame is the crucial role he played in the transformation of spiritualism a medium's passive reception of messages from the spirits of the dead into occultism the active search for personal spiritual realization and inner vision

Introduction to New and Alternative Religions in America William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religions are gravely misunderstood by members of the religious mainstream. Labeled cults or sects, groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large. Despite their efforts at educating the general public, the various anti and counter cult activists have in fact promoted much more misunderstanding than accurate understanding of the religious lives of some of their fellow citizens. Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so-called mainstream. This set rectifies the situation by presenting accurate, comprehensive, authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context. Determining what actually constitutes a new or alternative religion is a subject of constant debate. Questions arise as to a new faith's legitimacy, beliefs, methods of conversion and other facets of a religious movement's viability and place in a given culture. How a religion gains recognition by the mainstream, which often labels such new movements as cults, is fraught with difficulty, tension and fear. Here experts delineate the boundaries and examine the various groups, beliefs, movements and other issues related to new faiths and alternative beliefs. Readers will come away with a fuller understanding of the religious landscape in America today.

Volume 1: *History and Controversies* discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them. This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved.

Volume 2: *Jewish and Christian Traditions* explores the various new religions that have grown out of these two Abrahamic faiths. Groups such as the Shakers, the People's Temple, the Branch Davidians, Jehovah's Witnesses and others are examined.

Volume 3: *Metaphysical, New Age and Neopagan Movements* looks at Shamanism, Spiritualism, Wicca and Paganism among other movements as they have developed and grown in the U.S. These faiths have found new and devoted followers yet are often misunderstood.

Volume 4: *Asian Traditions* focuses on those new and alternative religions that have been inspired by Asian religious traditions. From Baha'i to Soka Gakkai, from Adidam to the Vedanta Society, contributors look at a full range of groups practicing and worshiping in the U.S. today.

Volume 5: *African Diaspora Traditions and Other American Innovations* examines the various traditions linked to the African diaspora, such as Rastafarianism, Santeria and the Nation of Islam, alongside traditions that are truly American incarnations like Scientology, UFO religions and Heaven's Gate. Some of the new and alternative religions covered in these pages include Shamanism

Outside the Fold Gauri Viswanathan,2021-05-11 *Outside the Fold* is a radical reexamination of religious conversion Gauri Viswanathan skillfully argues that conversion is an interpretive act that belongs in the realm of cultural criticism To that end this work examines key moments in colonial and postcolonial history to show how conversion questions the limitations of secular ideologies particularly the discourse of rights central to both the British empire and the British nation state Implicit in such questioning is an attempt to construct an alternative epistemological and ethical foundation of national community Viswanathan grounds her study in an examination of two simultaneous and she asserts linked events the legal emancipation of religious minorities in England and the acculturation of colonial subjects to British rule The author views these two apparently disparate events as part of a common pattern of national consolidation that produced the English state She seeks to explain why resistance in both cases frequently took the form of religious conversion especially to minority or alternative religions Confronting the general characterization of conversion as assimilative and annihilating of identity Viswanathan demonstrates that a willful change of religion can be seen instead as an act of opposition *Outside the Fold* concludes that as a form of cultural crossing conversion comes to represent a vital release into difference Through the figure of the convert Viswanathan addresses the vexing question of the role of belief and minority discourse in modern society She establishes new points of contact between the convert as religious dissenter and as colonial subject This convergence provides a transcultural perspective not otherwise visible in literary and historical texts It allows for radically new readings of significant figures as diverse as John Henry Newman Pandita Ramabai Annie Besant and B R Ambedkar as well as close studies of court cases census reports and popular English fiction These varying texts illuminate the means by which discourses of religious identity are produced contained or opposed by the languages of law reason and classificatory knowledge *Outside the Fold* is a challenging provocative contribution to the multidisciplinary field of cultural studies *Fits, Trances, & Visions* Ann Taves,1999-11-14 as manifestations of God the spirits or the Christ within Skeptics on the other hand have understood them as symptoms of physical disease mental disorder group dynamics or other natural causes In this sweeping work of religious and psychological history Ann Taves explores the myriad ways in which believers and detractors interpreted these complex experiences in Anglo American culture between the mid eighteenth and early twentieth centuries Taves divides the book into three sections In the first ranging from 1740 to 1820 she examines the debate over trances visions and other involuntary experiences against the politically charged backdrop of Anglo American evangelicalism established churches Enlightenment thought and a legacy of religious warfare **The White Buddhist** Stephen R. Prothero,1996 Raised a Presbyterian in nineteenth century New York Olcott embraced spiritualism and then theosophy before becoming the first American of European descent to make a formal conversion to Buddhism Despite his repudiation of Christianity Olcott s life was an extension of both the errand to the wilderness of his Puritan ancestors and the errand to the world of American Protestant

missionaries Olcott viewed himself as a defender of Asian religions against the missionaries but his actions mirrored theirs He wrote and distributed tracts and catechisms promoted the translation of scriptures into vernacular languages established Sunday schools founded voluntary associations and conducted revivals And he too labored to uplift his Asian acquaintances urging them to embrace social reforms such as temperance and women s rights *Selected Works of M.P. Pandit Vol. 4: Traditions* M. P. Pandit,1996 This volume collects in one place Sri Pandit s writings on the Veda Upanishad Gita Tantra and the spiritual culture of India **Traditions in Mysticism** Madhav Pundalik Pandit,1987 **Dictionary of Gnosis and Western Esotericism** Wouter J. Hanegraaff,Antoine Faivre,R. van den Broek,Jean-Pierre Brach,2005 This is the first comprehensive reference work to cover the entire domain of Gnosis and Western Esotericism from Late Antiquity to the present It contains critical discussions of all its major authors currents and manifestations from Gnosticism to the New Age Also available soon in unabridged one volume edition **Introduction to New and Alternative Religions in America: Metaphysical, New Age, and neopagan movements** Eugene V.
