Appraising Economic Theories:

Appraising Economic Theories Neil De Marchi, Mark Blaug, 1991 Papers produced for a conference of economists economic methodologists and historians of economics convened to reflect on the question of whether MSRP the methodology of scientific research programmes has proved useful in the light of 20 years experience Canonizing Economic Theory Christopher D. Mackie, 2016-07-11 Historians of economic thought traditionally summarize critique and trace the development of existing theory History of thought literature provides information about the authors chronology and relative importance of influential works Generally missing from the literature however are answers to questions about why economic theory exists in its current form Why have economists chosen the theories they have to represent the discipline s formal content What are the criteria that determine the value of a theory or of research in general and how have these criteria changed over time In this insightful and well written work Christopher Mackie analyzes how ideas and theories are accepted in economics from the pre publication phase to the point at which once written a theory enters the accepted body of professional literature Drawing from economics the history of science and philosophy Mackie shows how both empirical and non empirical criteria determine how theory will actually evolve *Heterodox Economic Theories* Fred Moseley, 1995-01-01 Economic methodologists have traditionally paid very little attention to heterodox economic theories In this major new book three leading heterodox scholars respond to the influential appraisals of Sraffian radical and Marxian economics made by Mark Blaug the eminent economic methodologist Including replies by Mark Blaug and comments by a distinguished group of economic methodologists this book offers a stimulating debate between heterodox and mainstream economists over the value of three important economic traditions and over the most appropriate methodology for the appraisal of economic theories
