Measurement of Appreciation in Poetry, Prose, and Art Robert Kenneth Speer, 1929 [Measurement of Appreciation in Poetry, Prose, and Art](#) Robert Kenneth Speer, 1929 **Measurments of Appreciation in Poetry, Prose, and Art, and Studies in Appreciation** Robert Kenneth Speer, 1929 **Art and Argyrol: The Life and Career of Dr. Albert C. Barnes** William Schack, 2019-08-10 This first biography of Dr Albert C Barnes was serialized on the front page of the Philadelphia Inquirer when it appeared in 1960 In it arts journalist William Schack interviewed dozens of people who knew the famously pugnacious art collector as he assembled his world famous collection outside Philadelphia Pennsylvania Schack traces the life of Albert Coombs Barnes 1872 1951 from childhood to his student days in Germany where he met the chemist with whom he developed Argyrol a medication that made Barnes rich and allowed him to become an art collector After applying for a charter to establish his collection as a public educational institution Barnes established a highly erratic policy of admission and battled dozens of people and institutions regarding access to it Art and Argyrol is written in the journalistic style of a bygone era yet retains its fascination for anyone interested in the history of this astounding collection and in Barnes himself William Schack research chemist journalist and art writer has done the first full scale study of Dr Barnes NOT an authorized biography this is a remarkable book about a remarkable Philadelphian The Philadelphia Inquirer Dr Albert C Barnes is an important as well as a colorful figure and Art and Argyrol the first full length biography of Barnes is of considerable interest Max Kozloff Commentary Magazine *Art, Education, and African-American Culture* Mary Ann Meyers, 2017-09-08 A physician who applied his knowledge of chemistry to the manufacture of a widely used antiseptic Albert Barnes is best remembered as one of the great American art collectors The Barnes Foundation which houses his treasures is a fabled repository of Impressionist post Impressionist and early modern paintings Less well known is the fact that Barnes attributed his passion for collecting art to his youthful experience of African American culture especially music Art Education and African American Culture is both a biography of an iconoclastic and innovative figure and a study of the often conflicted efforts of an emergent liberalism to seek out and showcase African American contributions to the American aesthetic tradition Mary Ann Meyers examines Barnes's background and career and the development and evolution of his enthusiasm for collecting pictures and sculpture She shows how Barnes's commitment to breaking down invidious distinctions and his

use of the uniquely arranged works in his collection as textbooks for his school created a milieu where masterpieces of European and American late nineteenth and early twentieth century painting along with rare and beautiful African art objects became a backdrop for endless feuding A gallery requiring renovation a trust prohibiting the loan or sale of a single picture and the efforts of Lincoln University known as the black Princeton to balance conflicting needs and obligations all conspired to create a legacy of legal entanglement and disputes that remain in contention This volume is neither an idealized account of a quixotic do gooder nor is it a critique of a crank While fully documenting Barnes s notorious eccentricities along with the clashing interests of the main personalities associated with his Foundation Meyers eschews moral posturing in favor of a rich mosaic of peoples and institutions that illustrate many of the larger themes of American culture in general and African American culture in particular
