Wildman,2019-02-27 Your God is too small way too small What

if God is not a human like personal being but the God Beyond God of the Christian mystical traditions What if God is the ultimate reality beyond all beings including beyond all divine beings indeed beyond all Being It s a mind bending idea Speaking of God as a human like personal being is much easier but people who care about the deepest mystical understandings of God within our traditions need to make the effort to speak about the God Beyond God despite the difficulties This book makes the attempt to speak of the God Beyond God in the language of the sermon using metaphor and potent imagery tuned to the existential intensities of human life The God Beyond God is closer to us than our jugular veins vividly present in every moment of our lives These sermons are practical and moving and they also resonate with the most rigorous theological understandings of ultimate reality Their deconstruction of our convenient fantasies about a divine being make these sermons emotionally intense and perhaps not suitable for beginners in the journey of faith But veteran believers can breathe deeply in the air of these meditations relaxing into the bliss of engaging ultimate reality without delusions without deflections and without controlling the object of our worship Approaching Christmas Jane Williams,2005 This beautiful and thoughtful companion to the season of Advent and Christmas encourages readers to explore the true meaning of the festive season through a combination of reflections quotations and classic images **American Book Publishing Record Cumulative 1998** R R Bowker Publishing,1999-03
