D. European co operation which have been born from the European spirit flourished in the European Association and have been associated throughout with this senes The fact that the English language is now the international medium for communication at European scientificconferences is a great asset in terms of mutual understanding Therefore we have decided to publish all contri butions in English regardless of the native language of the authors All contributions are submitted to the entire editorial board before publication of any volume for scrutiny and suggestions for revision Our series is not intended to compete with the publications of original scientificpapers in other neurosurgical journals Our intention is rather to present fields of neurosurgery and related areas in which important recent advances have been made The contributions are written by specialists in the given fieldsand constitute the first part of each volume
