Appropriating Blackness, 2003 **Theatricality as a Practice of Gay Culture** Stephen Low, 2025-12-15 Gay culture is not just for the gays anymore Increasing acceptance of homosexuality facilitated by positive representation in the mainstream media gay marriage legislation and other inclusive policies has allowed for many gay men to live lives that differ very little from their heterosexual counterparts With so many gay men living heteronormative lifestyles can gay culture be considered the domain of homosexual men If not gay identity what is the basis for gay culture In this book Stephen Low argues that theatricality distinguishes gay culture from straight culture By positing that theatricality is instrumental in the constitution and enjoyment of gay culture Low shifts the basis of gay culture from identity to practice This book demonstrates that theatricality is an essential feature of the celebrity persona camp style and literature of Oscar Wilde the drag femininity of trans performance artist Nina Arsenault the hyper masculinity in the artwork of Tom of Finland and public sex practices Through these case studies this book argues that gay culture has not and never has been the jurisdiction of gay men only but rather gay culture is accessible and available to anyone who has a flair for the theatrical Speech Is My Hammer Max A. Hunter, 2022-09-30 With *Speech Is My Hammer* Max Hunter draws on memoir and his own biography to call his readers to reimagine the meaning and power in literacy Defining literacy as a spectrum of skills abilities attainments and performances Hunter focuses on dispelling literacy myths and discussing how Black male artists entertainers professors and writers have described their own literacy narratives in self-conscious ambivalent terms Beginning with Frederick Douglass's *My Bondage My Freedom* W E B Dubois's *Soul of Black Folks* and Langston Hughes's *Harlem Renaissance* memoir *The Big Sea* Hunter conducts a literary inquiry that unearths their double consciousness and literacy ambivalence He moves on to reveal that for many contemporary Black men the arc of ambivalence rises even higher and becomes more complex following the civil rights and the Black Power movements and then sweeping sharply upward once again during the War on Drugs Hunter provides rich illustrations and probing theses that complicate our commonsense reflections on their concealed angst regarding Black authenticity respectability politics and masculinity *Speech Is My Hammer* moves the reader beyond considering literacy in normative terms to perceive its potential to facilitate transformative conversations among Black males *ReFocus: The Films of John Singleton* Daniel Dufournaud, 2025-08-31 In 1992 John Singleton became the first Black filmmaker as well as the youngest to be nominated for the Best Director award at the Oscars In the following decade Singleton cemented his reputation as a Hollywood auteur who could move across genres while making critically acclaimed films that share a preoccupation with the triumphs and tribulations of Black life in America And yet Singleton's films have received relatively

little academic attention ReFocus The Films of John Singleton fills this scholarly vacuum This collection of original chapters addresses Singleton s treatment of gender and racial difference the family urban space and traumatic histories it also identifies sources of inspiration in both Hollywood and world cinema as well as draws connections between his films and the work of Black American literary figures This collection is an invaluable resource for the future of Singleton studies **Social Networking and Impression Management** Carolyn M. Cappelli,2007 Channeling Blackness Darnell M. Hunt,2005 Blackness has always played a central role in the American imagination Therefore it should not be surprising that popular television a medium that grew up with the Civil Rights Movement has featured blackness as both a foil and a key narrative theme throughout its sixty year existence Ironically in modern colorblind times we are faced with a unique turn of events blackness is actually over represented in television sitcoms and dramas Channeling Blackness Studies on Television and Race in America presents fifteen classic and contemporary studies of the shifting complex relationship between popular television and blackness Using a variety of methodological and theoretical approaches these essays examine four key issues that have framed popular and scholarly inquiries into the nature of race on television The black white binary The power of media Distinguishing between negative and positive images The relative importance of markets versus racial motives in television Firmly establishing popular television as a central cultural forum in our society Channeling Blackness looks at how television has profoundly shaped and been shaped by America s ambivalent relationship with blackness It provides numerous examples of how our current interaction with television distinguishes the lived experiences of today from those of the past The book also shows how the entertainment function of television often masks its ideological purpose particularly its role in reflecting and reproducing America s racial order A useful supplement in any number of courses on race and society Channeling Blackness is an ideal text for advanced undergraduate and graduate courses on race and media media and society television studies television criticism communication studies and African American and ethnic studies **"The Evidence of Things Not Seen"** David B.
