### **Ismailis in Medieval Muslim Societies**

Farhad Daftary, 2005-12-20 I B Tauris in association with the Institute of Ismaili Studies A comprehensive treatment of Ismaili medieval history in its entirety It will have great appeal to all scholars of medieval Islam Farhad Daftary is one of the world's leading authorities on Ismaili history and literature This important book by an internationally acknowledged expert in Ismaili studies introduces Ismaili history and thought in medieval times Discussing the different phases in Ismaili history it describes both the early Ismailis as well as the contributions of the later Ismailis to Islamic culture A number of chapters deal with key Ismaili individuals such as Hasan i Sabbah Other chapters contextualise the Ismailis within the early Muslim societies in addition to investigating the Ismaili Crusader relations and the resulting legends on the Ismaili secret practices Over the course of the work it becomes clear that Ismaili historiography and the perception of the Ismailis by others in both Muslim and Christian milieus have had a fascinating evolution During their long history the Ismailis have often been accused of various heretical teachings and practices and at the same time a multitude of myths and misconceptions have circulated about them Farhad Daftary here separates myth from fact propaganda from actuality in a work characterised by his customary mastery of the sources and literature

*Fifty Years in the East* Farhad Daftary, 2014-12-02 I B Tauris in association with the Institute of Ismaili Studies Few fields of Islamic studies have witnessed as much progress in modern times as Ismaili studies and in even fewer instances has the role of a single individual been as pivotal in initiating progress as that of Wladimir Ivanow 1886 1970 whose memoirs are now published here for the first time The breakthrough in modern Ismaili studies occurred mainly as a result of the recovery and study of a large number of texts relating to the field which had not been available to the earlier generations of orientalists The Persian and Arabic Ismaili manuscripts many edited and published by Ivanow reflect a rich diversity of intellectual and literary traditions Ivanow left his native Russia soon after the October Revolution of 1917 and settled in India where he was formally commissioned in 1931 by Sultan Muhammad Shah Aga Khan III the 48th Imam of the Nizari Ismailis to investigate the history and teachings of the Ismailis Henceforth Ivanow began the systematic recovery and study of texts from this tradition of Shi i Islam discovered in India the Middle East and Central Asia amongst other regions He also played a key role in the establishment of the Ismaili Society the first research institution of its kind with a major collection of Ismaili manuscripts Ivanow made these manuscripts available to other scholars thereby

contributing to further progress in the field Ivanow completed his memoirs entitled *Fifty Years in the East* in 1968 shortly before his death This work originally written in Russian is comprised of an autobiography and vivid accounts from his travels These convey his ethnologist's interest in the archaeology of the way of life and profound curiosity for regional customs and languages The memoirs written in Tehran during Ivanow's final years have now been edited with substantial annotations by Farhad Daftary They reveal for the first time the circumstances under which modern Ismaili studies were initiated and an eyewitness account of several regions during the early decades of the twentieth century before the rapid onset of modernisation

**Ismaili History and Intellectual Traditions** Farhad Daftary, 2017-08-07 The Ismailis represent an important Shi'i Muslim community with rich intellectual and literary traditions The complex history of the Ismailis dates back to the second eighth century when they separated from other Shi'i groups under the leadership of their own imams Soon afterwards the Ismailis organised a dynamic revolutionary movement known as the *da'wa* or mission for uprooting the Sunni regime of the Abbasids and establishing a new Shi'i caliphate headed by the Ismaili imam By the end of the third ninth century the Ismaili *d's* operating secretly on behalf of the movement were active in almost every region of the Muslim world from Central Asia and Persia to Yemen Egypt and the Maghrib This book brings together a collection of the best works from Farhad Daftary one of the foremost authorities in the field The studies cover a range of specialised topics related to Ismaili history historiography institutions theology law and philosophy amongst other intellectual traditions elaborated by the Ismailis The collation of these invaluable studies into one book will be of great interest to the Ismaili community as well to anyone studying Islam in general or Shi'i Islam in particular

**Building the Caliphate** Jennifer A. Pruitt, 2020-01-01 A riveting exploration of how the Fatimid dynasty carefully orchestrated an architectural program that proclaimed their legitimacy This groundbreaking study investigates the early architecture of the Fatimids an Ismaili Shi'i Muslim dynasty that dominated the Mediterranean world from the 10th to the 12th century This period considered a golden age of multicultural and interfaith tolerance witnessed the construction of iconic structures including Cairo's al Azhar and al Hakim mosques and crucial renovations to Jerusalem's Dome of the Rock and Aqsa Mosque However it also featured large scale destruction of churches under the notorious reign of al Hakim bi Amr Allah most notably the Church of the Holy Sepulcher in Jerusalem Jennifer A Pruitt offers a new interpretation of these and other key moments in the history of Islamic architecture using newly available medieval primary sources by Ismaili writers and rarely considered Arabic Christian sources Building the Caliphate contextualizes early Fatimid architecture within the wider Mediterranean and Islamic world and demonstrates how rulers manipulated architectural form and urban topographies to express political legitimacy on a global stage

**Walāyah in the Fāṭimid Ismā'īlī Tradition** Elizabeth R. Alexandrin, 2017-07-19 In this original study Elizabeth R Alexandrin examines the complex relationships that can be inscribed between medieval Ism'l thought as an intellectual tradition with a devotional practice of reliance on the im m and as a politico esoteric system that redefined governance during the F imid

caliphate in the eleventh century Alexandrin's work is a departure from recent Western scholarship that focuses on similarities among early Islamic traditions. She argues instead that under the guidance of the Fatimid Ismaili chief missionary al-Mu'ayyad al-Din al-Shirazi (d. 1078 CE) the concept of *walayah* (divine guidance) became closely associated with religious-political authority on the one hand and the perfection of the individual human being on the other. By signaling and affirming how the Fatimid caliph-imams were the heirs of *walayah* and by proposing new definitions of the seal of God's friends (*khawim al-awliya*) All-hal-Mu'ayyad broadened the contexts of making esoteric knowledge public and shifted the apocalyptic frameworks of Islamic messianism.

*Shi'ite Legal Theory* Robert Gleave, Kumail Rajani, 2023-05-15 Alongside the individual rules of God's law (shari'a) there has been a vibrant history of more philosophical or theoretical discussions in Islamic thought. Where does God's law come from? How are God's rules to be discovered for situations not covered in the revealed sources? Who within the Muslim community can make a valid pronouncement on the content of the shari'a? The answers to these questions have been debated and discussed by Muslim scholars in the genre of literature called *usul al-fiqh* (glossed in English language secondary literature as *Islamic legal theory*). This volume contains editions and commentaries of hitherto unedited manuscripts from the various strands of the Shi'ite tradition of Islamic thought: Zaydi, Ismaili, and Twelver. A careful side-by-side reading of these texts and commentaries will help identify themes peculiar to the Shi'ite family of legal theories. The distinctive Shi'ite contribution to the history of *usul al-fiqh* has not received the attention it deserves in contemporary scholarship; this volume forms part of a wider attempt to bring the richness and diversity of Shi'ite *usul* to the wider field.

**Master of the Age** Paul E. Walker, 2007-10-24 I B Tauris in association with the Institute of Ismaili Studies. Few doctrines in Islam have engendered as much contention and disagreement as those surrounding the imamate, the office of supreme leader of the Muslim community after the death of the Prophet. In the medieval period while the caliphate still existed, rivalry among the claimants to that most lofty position was particularly intense. The early 5th-11th century Ismaili da'i Hamid al-Din al-Kirmani worked for most of his life in the eastern lands of the Islamic world, principally within the hostile domain of the Abbasid caliphs and the Buyid amirs. At a critical point he was summoned by the da'wa to Egypt where he taught and wrote for several years before returning once again to Iran and Iraq. About 405-1015 just prior to his move from Iraq to Cairo he composed a treatise he called *Lights to Illuminate the Proof of the Imamate* (*al-Masabih fi ithbat al-imama*) in the bold hope of convincing Fakhr al-Mulk, the Shi'i wazir of the Buyids in Baghdad, to abandon the Abbasids and support the Fatimid caliph al-Hakim. For that purpose he produced a long interconnected series of philosophically sophisticated proofs, all leading logically to the absolute necessity of the imamate. This work is thus unique both in the precision of its doctrine and in the historical circumstance surrounding its composition. The text appears here in a modern critical edition of the Arabic original with a complete translation, introduction, and notes.
