Arabic Resources David Burnett,1986 *Index of Islamic Literature* ,1988 *Walford's Guide to Reference Material* Marilyn Mullay,1989 **The Quarterly Index Islamicus** ,1987 **Iraq** Heather Bleaney,Roper,Peter Sluglett,2004-06-01

Well considered answers to the many questions raised by the situation in Iraq past and present are rare This first comprehensive thematically organised bibliography devoted to Iraq is based on the full Index Islamicus database and is drawn from a wide variety of European language journals and books Featuring an extensive introduction to the subject and its literature by Peter Sluglett this bibliography will help readers to find their way through the massive secondary literature now available Following the pattern established by the Index Islamicus both journal articles and book publications are included as well as important internet resources The editors have taken care to add much new material to bring its coverage up to date and supplement the previously published volumes while the most important and or influential publications are conveniently highlighted in the introduction An indispensable gateway for all those with a more than superficial interest in what is and what has been happening in this nation so much the focus of attention today **Bibliography of Art and Architecture in the Islamic World (2 vols.)** Susan Sinclair,2012-04-03 Following the tradition and style of the acclaimed Index Islamicus the editors have created this new Bibliography of Art and Architecture in the Islamic World The editors have surveyed and annotated a wide range of books and articles from collected volumes and journals published in all European languages except Turkish between 1906 and 2011 This comprehensive bibliography is an indispensable tool for everyone involved in the study of material culture in Muslim societies **Information and Libraries in the Arab World** Michael Wise,Anthony Olden,1994 This is the third volume in a continuing series of reviews of international comparative librarianship It contains contributions from the varying economies that comprise the countries of the Arab World Its spectrum ranges from Saudi Arabia and Kuwait whose national incomes support advanced technological systems to the Sudan whose low rate of economic production has brought about a situation where trained personnel tend to expatriate themselves in search of an acceptable standard of living and of resourcing their professional activities Walford's Guide to Reference Material: Social and historical sciences, philosophy and religion Albert John Walford,Marilyn Mullay,Priscilla Schlicke,Library Association,1999 A revised and updated guide to reference material It contains selective and evaluative entries to guide the enquirer to the best source of reference in each subject area be it journal article CD ROM on line database bibliography encyclopaedia monograph or directory It features full critical annotations and reviewers comments and comprehensive author title and subject indexes The contents include philosophy and psychology religion social sciences sociology statistics politics economics labour and employment land and property business organizations finance and banking and economic surveys economic policies and controls trade and commerce business and management and law public administration social services and welfare education customs and traditions geography biography and history **Books from the Arab World**
