the following key principles National authorities should return to fundamental democratic principles and recommit to Council of Europe legal standards including the implementation of judgments from the European Court of Human Rights Member states should fully embrace the multilateralism embodied by the Council of Europe for more than 70 years Covid related restrictions and measures must not only be necessary and proportionate but also limited in duration National authorities should embrace democratic culture recognising where their words activities or legislation have diminished that culture by reducing civic space by intimidating or preventing individuals organisations and NGOs from exercising their freedom of speech or assembly or by excluding people from participating fully in society
