Arabian Knight:

The Arabian Knight Seton Dearden, 1953 *A Plain and Literal Translation of the Arabian Nights' Entertainments*, 1900

Richard Burton, T.E. Lawrence and the Culture of Homoerotic Desire Feras Alkabani, 2024-09-19 In the 19th and early 20th centuries the Arabic speaking regions of the Ottoman Empire saw a crucial change in attitudes towards sexuality. Notions of respectability, propriety and sexual morality were being transformed in literary and cultural discourses, a shift that was related to the gradual rise in anti-Ottoman Arab nationalism. However, contemporary Orientalists such as Sir Richard Burton and T.E. Lawrence were oblivious to certain aspects of this process of cultural reconfiguration. While accounts of male love poetry, ghazal, al-mudhakkar were being gradually expurgated from the Arab literary heritage, elaborate narratives of Oriental homoerotic desire distinctively characterise the encounters of both Burton and Lawrence with the Arab East. By comparing their literary and autobiographical accounts of the Arab Orient with contemporary Arabic literature, Feras Alkabani is able to expose this critical disparity in cross-cultural portrayals of sexual morality and homoerotic desire. Alkabani relates the conflicting agendas of contemporary Orientalists and Arab scholars to the shifts in international imperial power relations and the eventual collapse of the Ottoman Empire. His detailed comparative study reveals the significance of homoerotic desire within Orientalist and Arab literary discourses at a time when the meaning and connotations of poetic male love were undergoing a critical change in Arab culture and literature. It will prove invaluable for those researching Orientalism, nationalism, imperialism and manifestations of homoerotic desire in the fin de siècle Middle East.

America's Great Game Hugh Wilford, 2013-12-03 From the 9/11 attacks to waterboarding to drone strikes, relations between the United States and the Middle East seem caught in a downward spiral. And all too often the Central Intelligence Agency has made the situation worse. But this crisis was not a historical inevitability, far from it. Indeed, the earliest generation of CIA operatives was actually the region's staunchest western ally. In *America's Great Game*, celebrated intelligence historian Hugh Wilford reveals the surprising history of the CIA's pro-Arab operations in the 1940s and 50s by tracing the work of the agency's three most influential and colorful officers in the Middle East. Kermit Kim Roosevelt was the grandson of Theodore Roosevelt and the first head of CIA covert action in the region; his cousin Archie Roosevelt was a Middle East scholar and chief of the Beirut station. The two Roosevelts joined combined forces with Miles Copeland, a maverick covert operations specialist who had joined the American intelligence establishment during World War II. With their deep knowledge of Middle Eastern affairs, the three men were heirs to an American missionary tradition that engaged Arabs and Muslims with respect and empathy. Yet they were also fascinated by imperial intrigue and were eager to play a modern rematch of the Great Game, the nineteenth-century struggle between Britain and Russia for control over central Asia. Despite their good intentions, these Arabists propped up authoritarian regimes, attempted secretly to sway public opinion in America against support for the new state of Israel, and staged coups that irrevocably destabilized the nations with which they empathized. Their efforts and ultimate

failure would shape the course of U S Middle Eastern relations for decades to come Based on a vast array of declassified government records private papers and personal interviews America s Great Game tells the riveting story of the merry band of CIA officers whose spy games forever changed U S foreign policy
