Lester Leaps In Douglas H. Daniels,2003-02-17 He was jazz s first hipster He performed in sunglasses and coined and popularized phrases like that s cool and you dig He always wore a suit and his trademark porkpie hat He influenced everyone from B B King to Stan Getz to Allen Ginsberg creating a lyrical style of playing that forever changed the sound of the tenor saxophone In this groundbreaking biography of Lester Young 1909 1959 historian Douglas Daniels brings to life the man and his world and corrects a number of misconceptions Even though others have identified Young as a Kansas City musician Daniels traces his roots to the blues of Louisiana and his early years traveling with his father s band and the legendary Oklahoma City Blue Devils Later we see the jazz culture of New York in the early 1940s when Young was launched to national and international fame with the Count Basie Orchestra and began to accompany his close friend Billie Holiday After a year spent in an Army prison on a conviction for marijuana use Young made changes in his music but never lost his sensitivity or soul The first ever to gain access to Young s family and many musicians who performed with him Daniels

reconstructs the world in which Young lived and played the racism that he and other black musicians faced the feeling of home and family that they created together on the road and what his music meant to black audiences Young emerges as a kind friend a loving parent and a gentle and sensitive man who had in the words of Reginald Scott the saddest eyes I ever saw
