Birth Control Catholic Doctrine

Patrick Coffin

Birth Control Catholic Doctrine:

Birth Control and Catholic Doctrine Alvah Woodbury Sulloway, 1959 A critical view of the Roman Catholic position based on its own official statements presented against the background of social issues in the United States

The Contraception Deception: Catholic Teaching on Birth Control Patrick Coffin, 2018-05-01 The Contraception Deception Catholic Teaching on Birth Control by author Patrick Coffin is a comprehensive assessment of the Church's sexual ethic. In this expanded revised edition of *Sex Au Naturel: What It is and Why It's Good for Your Marriage* Coffin demonstrates how the rejection of *Humanae Vitae* impacts more than just our national birthrates. With relevant insight into the development and reception of Paul VI's landmark 1968 encyclical Coffin explains why *Humanae Vitae* is more timely than ever. In *The Contraception Deception* you'll learn where exactly the Bible teaches against birth control, the differences between contraception and natural family planning, hint they're more profound than you think, why other reproductive technologies fall short of God's vision for marriage and family, and most importantly, how to rely on the ever-present grace of God rather than your own strength in faithfully following this challenging, life-giving aspect of Christian discipleship.

Sex, Violence, and Justice Aline H. Kalbian, 2014-04-03 In 1968 Pope Paul VI published *Humanae vitae*, the encyclical that reaffirmed the Catholic Church's continued opposition to the use of any form of artificial contraception. In *Sex, Violence, and Justice: Contraception and the Catholic Church* Aline Kalbian outlines the Church's position against artificial contraception as principally rooted in three biblical commandments. In addition, Kalbian shows how discourses about sexuality both in the Church and in culture are often tied to discourses of violence, harm, and social injustice. These ties reveal that sexual ethics is never just about sex; it is about the vulnerability of the human body and the challenges humans face in trying to maintain just and loving relationships. As Kalbian explores and contrasts the Catholic Church's stance toward condoms and HIV/AIDS emergency contraception in cases of rape and contraception and population control, she underscores how contraception is not just a private decision but a deeply social, cultural, and political one with profound global implications. Kalbian concludes that even the most tradition-bound communities rely on justificatory schemes that are fluid and diverse. Taking this diversity seriously helps us to understand how religious traditions change and develop. *Sex, Violence, and Justice* will be of interest to students and scholars of Catholic moral theology, sexual ethics, religion and society, gender and religion, as well as to specialists and practitioners in public health.

Chaos in the Catholic Church R. John Kinkel, PhD, 2005-07-13 The Catholic church has been in decline for several decades. Whether one examines the priest sexual abuse crisis, Mass attendance, leadership failures, or the worldwide priest shortage, Dr. Kinkel's message is clear: reform is needed. There is a sexual abuse problem, and leaders did not deal with it effectively. We find a code of silence, missed reform opportunities, and the underlying mismanagement of the chaos. After documenting the cover-up by bishops and others, *The Decline of the Catholic Church* points out the contradiction: bishops protect the devious priests, and the church's

reputation versus the need to protect children and prevent molestation in the future The book develops a very plausible explanation as to how the sex scandal mushroomed in the 1970s and why it is now apparently declining There is a priest shortage the church is short 150 000 priests worldwide based on 2002 statistics Instead of seriously examining data on church problems bishops attack research analysts who predict what the shortage of priests will look like in 2015 if nothing is done to alleviate the problem Kinkel suggests that the bishops ordain married deacons to the priesthood when feasible there are 13 000 currently Secondly married men and women should be considered for ordination Instead the bishops import foreign priests Chicago s data 50% of incardinated priests are foreign born as a stop gap measure while praising celibacy There is an organizational problem in the church The church is run by old men who espouse conservative ideologies that fail to address modern problems The book compares global retirement trends in corporations versus church practice and finds that the Catholic church is about 15 years out of sync They must retire church leaders earlier and have term limits for bishops and popes There is a need for regular general councils which have historical precedence This is so because the present power structure of the pope and curia makes too many mistakes e g birth control bishops cover up of sex abuse Banco Ambrosiano scandal which cost all parties millions 10 years to agree on English translation for scripture readings at Mass etc Regular calling of councils can shake up this lazy monopoly Lastly Kinkel gives the most comprehensive analysis of the priest shortage in the U S and why this is the most serious problem the church faces not the sex abuse crisis The church is in the antechamber of Reformation II Catholics are losing faith

[In Search of an American Catholicism](#) Jay P. Dolan, 2003 For more than two hundred years American Catholics have struggled to reconcile their national and religious values In this incisive and accessible account distinguished Catholic historian Jay P Dolan explores the way American Catholicism has taken its distinctive shape and follows how Catholics have met the challenges they have faced as New World followers of an Old World religion Dolan argues that the ideals of democracy and American culture in general have deeply shaped Catholicism in the United States as far back as 1789 when the nation s first bishop was elected by the clergy and the pope accepted their choice Dolan looks at the tension between democratic values and Catholic doctrine from the conservative reaction after the fall of Napoleon to the impact of the Second Vatican Council Furthermore he explores grassroots devotional life the struggle against nativism the impact and collision of different immigrant groups and the disputed issue of gender Today Dolan writes the tensions remain as we see signs of a resurgent traditionalism in the church in response to the liberalizing trend launched by John XXIII and also a resistance to the conservatism of John Paul II In this lucid account the unfinished story of Catholicism in America emerges clearly and compellingly illuminating the inner life of the church and of the nation In this lucid account the unfinished story of Catholicism in America emerges clearly and compellingly illuminating the inner life of the church and of the nation

Contraception John T. Noonan, Jr., John Thomas

Noonan,2012-06-18 Originally published in 1965 Contraception received unanimous acclaim from all quarters as the first thorough scholarly objective analysis of Catholic doctrine on birth control More than ever this subject is of acute concern to a world facing serious population problems and the author has written an important new appendix examining the development of and debates over the doctrine in the past twenty years
