Bitter Glory John T. Henshaw, 2001 **A Question of Honor** Lynne Olson, Stanley Cloud, 2007-12-18 A Question of Honor is the gripping little known story of the refugee Polish pilots who joined the RAF and played an essential role in saving Britain from the Nazis only to be betrayed by the Allies after the war After Poland fell to the Nazis thousands of Polish pilots soldiers and sailors escaped to England Devoted to liberating their homeland some would form the RAF s 303 squadron known as the Kosciuszko Squadron after the elite unit in which many had flown back home Their thrilling exploits and fearless flying made them celebrities in Britain where they were adopted by socialites and seduced by countless women even as they yearned for news from home During the Battle of Britain they downed more German aircraft than any other squadron but in a stunning twist at the war s end the Allies rewarded their valor by abandoning Poland to Joseph Stalin This moving fascinating book uncovers a crucial forgotten chapter in World War II and Polish history *The Rise and Fall of Belarusian Nationalism, 1906-1931* Per Anders Rudling, 2015-02-27 Modern Belarusian nationalism emerged in the early twentieth century during a dramatic period that included a mass exodus multiple occupations seven years of warfare and the partition of the Belarusian lands In this original history Per Anders Rudling traces the evolution of modern Belarusian nationalism from its origins in late imperial Russia to the early 1930s The revolution of 1905 opened a window of opportunity and debates swirled around definitions of ethnic racial or cultural belonging By March of 1918 a small group of nationalists had declared the formation of a Belarusian People s Republic BNR with territories based on ethnographic claims Less than a year later the Soviets claimed roughly the same area for a Belarusian Soviet Socialist Republic BSSR Belarusian statehood was declared no less than six times between 1918 and 1920 In 1921 the treaty of Riga officially divided the Belarusian lands between Poland and the Soviet Union Polish authorities subjected Western Belarus to policies of assimilation alienating much of the population At the same time the Soviet establishment of Belarusian language cultural and educational institutions in Eastern Belarus stimulated national activism in Western Belarus Sporadic partisan warfare against Polish authorities occurred until the mid 1920s with Lithuanian and Soviet support On both sides of the border Belarusian activists engaged in a process of mythmaking and national mobilization By 1926 Belarusian political activism had peaked but then waned when coups d etats brought authoritarian rule to Poland and Lithuania The year 1927 saw a crackdown on the Western Belarusian national movement and in Eastern Belarus Stalin s consolidation of power led to a brutal transformation of society and the uprooting of Belarusian national communists As a small group of elites Belarusian nationalists had been dependent on German Lithuanian Polish and Soviet sponsors since 1915 The geopolitical rivalry provided opportunities but also liabilities After 1926 maneuvering this complex and progressively hostile landscape became difficult Support from Kaunas and Moscow for the Western Belarusian nationalists attracted the interest of the Polish authorities and the increasingly autonomous republican institutions in Minsk became a concern for the central government in the Kremlin As Rudling shows Belarus was a

historic battleground that served as a political tool borderland and buffer zone between greater powers Nationalism arrived late was limited to a relatively small elite and was suppressed in its early stages The tumultuous process however established the idea of Belarusian statehood left behind a modern foundation myth and bequeathed the institutional framework of a proto state all of which resurfaced as building blocks for national consolidation when Belarus gained independence in 1991
