

SPEECH & LANGUAGE MILESTONES BIRTH-5

WHAT IS SPEECH & LANGUAGE?

"Speech" can be thought of as verbal communication. It is the act of making sound waves (vibrations) using air and muscles of the mouth, throat, nose, and lungs. "Language" means having the knowledge of using different words.

There are three main components of speech:
1. Articulation (how we make each sound)
2. Hearing (having our "hearing hands")
3. Fluency (fluency and rhythm)

"Language" encompasses how we use speech to formulate sentences in order to communicate. Language also involves all other parts, including the words themselves. We must use proper receptive (listening) and expressive (speaking) communication skills in order to communicate.

WHO CAN HELP? (WHAT IS A SPEECH-LANGUAGE PATHOLOGIST?)

Speech-Language Pathologists (SLPs) can help! SLPs are all master's-level educated individuals working to help children & adults improve communication. SLPs diagnose a variety of communication & hearing impairments, prior to hearing devices.

SLPs are licensed both by the state in which they practice & the American

Speech-Language-Hearing Association (ASHA) to work with individuals of varying needs & diagnoses in the areas of articulation, reception, and pragmatic language, articulation and phonology, fluency, voice, feeding and swallowing.

SLPs typically work in clinics, schools, hospitals, or nursing homes.

HOW TO ENCOURAGE SPEECH & LANGUAGE

Communicative temptations create situations where a child needs to gesture, vocalize, or verbally to have his or her needs met before giving desired object (e.g., "poodle please")

Feedback: Having a child imitate you helps him or her to produce words & sounds at appropriate times (e.g., saying "hi" to animal food as you take them out of the bowl)

Expanding: using a child's language and expanding it to make it more complex (e.g., child says "ball," adult can say "that is your ball")

Build vocabulary: target and engage relevant new words (e.g., seasonal words) to help build vocabulary

Read aloud: emphasize & reinforce new words, ask questions about the story while reading, ask child to retell the story (if age appropriate)

Ask questions: posing questions about daily activities are a great way to encourage language skills, including naming & understanding functions.

Repeat everything: modeling your own speech and language can increase exposure to correct production & enhance a child's abilities.
