China Called Me My Life Inside The Chinese Revolution:

China Called Me Percy Chen, 1979 **Chinese American Transnational Politics** Him Mark Lai, 2023-12-11 Born and raised in San Francisco Lai was trained as an engineer but blazed a trail in the field of Asian American studies Long before the field had any academic standing he amassed an unparalleled body of source material on Chinese America and drew on his own transnational heritage and Chinese patriotism to explore the global Chinese experience In *Chinese American Transnational Politics* Lai traces the shadowy history of Chinese leftism and the role of the Kuomintang of China in influencing affairs in America With precision and insight Lai penetrates the overly politicized portrayals of a history shaped by global alliances and enmities and the hard intolerance of the Cold War era The result is a nuanced and singular account of how Chinese politics migration to the United States and Sino U S relations were shaped by Chinese and Chinese American groups and organizations Lai revised and expanded his writings over more than thirty years as changing political climates allowed for greater acceptance of leftist activities and access to previously confidential documents Drawing on Chinese and English language sources and echoing the strong loyalties and mobility of the activists and idealists he depicts Lai delivers the most comprehensive treatment of Chinese transnational politics to date *Civil War in China* Suzanne

Pepper, 1999-07-22 Many books have tried to analyze the reasons for the Chinese communist success in China s 1945_1949 civil war but Suzanne Pepper s seminal work was the first and remains the only comprehensive analysis of how the ruling Nationalists lost that war_not just militarily but by alienating the civilian population through corruption and incompetence Now available in a new edition this authoritative investigation of Kuomintang failure and communist success explores the new research and archival resources available for assessing this pivotal period in contemporary Chinese history Even more relevant today given the contemporary debates in Hong Kong and Taiwan over the terms of reunification with a communist led national government in Beijing this book is essential reading for anyone seeking a nuanced understanding of twentieth century Chinese politics

Chinese Boycotts versus Japanese Bombs Donald Allan Jordan, 2026-02-16 *Chinese Boycotts versus Japanese Bombs* highlights economic competition as a key to understanding how China and Japan leading trade partners slipped toward war in the early 1930s It describes and evaluates the Nationalist Chinese government s Revolutionary Diplomacy its own brand of foreign policy toward Japan in 1931_32 This approach which utilized popular boycotts strikes and demonstrations was both innovative and a reflection of China s profound anger toward Japan brought about by the desperation of Chinese industrialists in the face of the efficiency of Japanese producers Although the anti Japanese acts failed to break Japanese economic dominion and halt Japanese aggression in Manchuria the sanctions enticed the United States and England to enter the Chinese market and led them into the role of codefenders against Japan Battered by the Chinese boycott Japanese businesses demanded military intervention In addition internal domestic strife in China tempted the Japanese military into seizing Manchuria and making an attack on Shanghai in 1932 thus dashing any hope for a

peaceable relationship between Japan and China These events set the stage for what was to become the Asian arena of World War II

International Communism and the Spanish Civil War Lisa A. Kirschenbaum, 2015-07-28 This book provides an intimate picture of international communism in the Stalin era Focusing on Americans and Spaniards who worked or studied in Moscow and later participated in the Spanish civil war it uncovers the personal and political ties that linked communists to one another and the Soviet Union

Through the Looking Glass Paul French, 2009-05-01 The convulsive history of foreign journalists in China starts with newspapers printed in the European factories of Canton in the 1820s It also starts with a duel between two editors over the future of China and ends with a fistfight in Shanghai over the revolution This book tells the story of China's foreign journalists

Caribbean History Toni Martin, 2016-09-13 More centrally focused on the Caribbean than any other survey of the region Caribbean History examines a wide range of topics to give students a thorough understanding of the region's history The text favors a traditional largely chronological approach to the study of Caribbean history however because it is impossible to be entirely chronological in the complex agglomeration of often disparate historical experiences some thematic chapters occupy the broadly chronological framework The author creates a readable narrative for undergraduates that contains the most recent scholarship and pays particular attention to the U S Caribbean connection to more fully relate to students

Mme Sun Yat-Sen (Soong Ching-ling) Jung Chang, Jon Halliday, 1986 □□□□, 1984

Democracy Shelved Steve Yui-Sang Tsang, 1988 Between 1945 and 1952 the British government considered granting Hong Kong the right to elected self government but in 1952 the proposal was withdrawn This study examines the genesis development and eventual abandonment of reform proposals for Hong Kong in the context of postwar British colonial policy and the changing political situation in Southeast Asia

Chinese Footprints Susanna Hoe, 1996 The writing of history used to concentrate on narrative analysis or theory The historian stayed out of sight This book is part of a more recent trend Here the author discusses her relationship to her material the processes of research and writing and her characters She does so by exploring and sometimes comparing the lives of Chinese and western women who have lived in China Hong Kong and Macau and links them not only to herself but also to contemporary women's issues human rights and colonialism This book is about the practice of history The characters include 1930s civil and women rights campaigners Shi Liang China's Minister of Justice 1949 to 1959 Agnes Smedley and Stella Benson autobiographical writer Xiao Hong revolutionary Soong Ching Ling traveller Ella Maillart philanthropist Clara Ho Tung and Clara Elliot who was part of the story of Hong Kong's cession to Britain in 1841
