**James McKeen Cattell, Will Carson
Ryan, Raymond Walters**

China Culture Walk In History With Appendix Documentary Review:

Geopolitics of Global Catholicism Petr Kratochvíl, 2024-05-29 Geopolitics of Global Catholicism uncovers the key trends in today's Catholicism providing an incisive analysis of its deep entanglement with national regional as well as global politics This book offers an exciting exploration of five versions of local Catholicisms and sheds light on the various theological political constellations that not only differ widely across these national contexts but also have global geopolitical consequences It is built around a novel theoretical argument showing that Catholic geopolitics contains not only a spatial dimension as classic geopolitical studies would have it but also a temporal one As a consequence the Catholic role in the world cannot be simply understood as a result of the spatial expansion of the Church but rather as a result of the complex relationships between Catholicism and colonization inculturation backwardness and modernizations To counter the lingering Eurocentrism of most studies of the Catholic Church this book's case studies explore Catholic geopolitics in five non-European contexts focusing mainly on the Global South plus the United States Latin America Brazil North America the United States Asia India and China and Africa the Democratic Republic of the Congo These case studies also show that the successes and failures of Catholicism cannot be explained by a recourse to a single top-down interpretation of Catholic geopolitics but rather by exploring the various Catholic spatio-temporal constellations on the global regional and local levels With the accelerating diversification of the Church and the growing role of the Global South these local and regional influences gain further importance as they are likely to increasingly define the future of Catholicism This book will be of utmost interest to scholars of International Relations Religious Studies Political Science and Theology as well as Geopolitics especially to those studying the global rise of religion Its accessible language will also appeal to the wider public beyond academia especially those interested in global Christianity as well as church leaders and members of Catholic organizations

Arts & Humanities Citation Index, 1998 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1,144 of the world's leading arts and humanities journals and it indexes individually selected relevant items from over 6,800 major science and social science journals *Humanities*, 1982 *Dissertation Abstracts International*, 1970 **Media Globalization and the Discovery Channel Networks** Ole J. Mjos, 2009-09-10 This book is about the relationship between media and globalization explored through the unique study of the global expansion of Discovery Communications spearheaded by the Discovery Channel one of the world's largest providers of factual television programming and media content The book argues that the study of Discovery's relationship with globalization provides both a specific and a more general practical and theoretical understanding of how the processes of increased linking and interweaving of media and communications unfold and develop as well as some of the consequences of this [School & Society](#) James McKeen Cattell, Will Carson Ryan, Raymond Walters, 1968 **The Open Shelf**, 1917 [American Book Publishing Record](#), 2005 **Library Journal**, 1963 **The Hindu Weekly Review**, 1968 **The New York Times Book**
