and truth etched into its passionate and powerful words **The Chinese Times** ,1888 *The Libidinal Economy of China*
Perry Johansson Vig,2015-10-29 This study of postsocialist China explores the development of a Chinese consumer culture in
the 1990s with a special focus on advertising and shifting ideals on female beauty On an analytical level it is an investigation
into Chinese nationalism that demonstrates how the desire for recognition as a powerful nation is linked to anxieties about
Chinese femininity The book is also on a theoretical level about the libidinal economy of an imaginary China In other words it
attempts to unravel the sexuality of geopolitics by describing the association between femininity and China in popular culture
and nationalist discourse In addition to advertisements political writings plays and films the archive for this inquiry consists
of fieldwork observations and interviews The Libidinal Economy of China engages a range of post colonial and
psychoanalytically informed thinkers in a truly cross disciplinary study Lacanian theories on hysteria femininity and
narcissism are applied in the international domain of geopolitics to formulate a general theory on China s relationship to the
West David Eng and Homi Bhabha are employed for discussing racial fetishism in contemporary China while Slavoj i ek s
ideas on violence and the Other are engaged in explaining the emotional dimension of national identification The study
concludes that China and the New Chinese Nationalism is firmly under the gaze of a Western Other analogous to a male gaze
That Other rules the libidinal economy of consumer culture which explains China s recurring history of wanting to emulate
and catch up with the West while simultaneously reacting to such an attained intimacy with castration anxiety and aggressive
