China The Cold War:

Mao's China and the Cold War Jian Chen,2010-03-15 This comprehensive study of China's Cold War experience reveals the crucial role Beijing played in shaping the orientation of the global Cold War and the confrontation between the United States and the Soviet Union The success of China's Communist revolution in 1949 set the stage Chen says The Korean War the Taiwan Strait crises and the Vietnam War all of which involved China as a central actor represented the only major hot conflicts during the Cold War period making East Asia the main battlefield of the Cold War while creating conditions to prevent the two superpowers from engaging in a direct military showdown Beijing's split with Moscow and rapprochement with Washington fundamentally transformed the international balance of power argues Chen eventually leading to the end of the Cold War with the collapse of the Soviet Empire and the decline of international communism Based on sources that include recently declassified Chinese documents the book offers pathbreaking insights into the course and outcome of the Cold War

China and the Cold War Michael Lindsay,1955

China and the United States Xiaobing Li,Hongshan Li,1997-12-11 This essay collection presents a new examination and fresh insight into Sino American relations from the end of World War II to the 1960s The compilation breaks new ground by exploring some of the untouched Chinese and Soviet Communist sources to document the major events and crises in East Asia It also identifies a new pattern of confrontations between China and America during the Cold War Based on extensive multi archival research utilizing recently released records the authors move the study away from the usual Soviet American rivalry and instead focus on the relatively unknown area of communists interactions and conflicts in order to answer questions such as why Beijing sent troops to Korea what role China played in the Vietnam War and why Mao caused crises in the Taiwan Straits The articles in the book examine Chinese perceptions and positions and discuss the nature and goals of China's foreign policy and its impact on Sino American relations during this crucial period

The Cold War and the Origins of Foreign Relations of the People's Republic of China NIU Jun,2018-10-16 In The Cold War and the Origin of Diplomacy of People's Republic of China Niu Jun offers a new analytical framework for understanding the Cold War and PRC's diplomacy from 1949 to 1955 He sees it as an interactive historical process between the Cold War China's domestic transition from revolution to nation building and the revolutionary ideology in the minds of Chinese leaders and Chinese people Niu Jun's analytical framework sheds fresh light on the widely studied events of PRC's diplomacy such as China's alliance with the Soviet Union and confrontation with the U S military actions on the Korean Peninsula and in Indochina settlement of the first Taiwan Strait crisis development of nuclear weapons and so on

The Sino-American Alliance John W. Garver,1997 This study based on Chinese and American archival sources provides the first detailed analysis of the role the alliance with Nationalist China played in U S strategy to contain first the Sino Soviet alliance and then China during the 1950s and 1960s

Economic Cold War Shu Guang Zhang,2001 Why would one country impose economic sanctions against another in pursuit of foreign policy objectives How effective is the

use of such economic weapons This book examines how and why the United States and its allies instituted economic sanctions against the People s Republic of China in the 1950s and how the embargo affected Chinese domestic policy and the Sino Soviet alliance

Re-examining the Cold War Robert S. Ross, Changbin Jiang, 2001 The twelve essays in this volume underscore the similarities between Chinese and American approaches to bilateral diplomacy and between their perceptions of each other s policy making motivations Much of the literature on U S China relations posits that each side was motivated either by ideologically informed interests or by ideological assumptions about its counterpart But as these contributors emphasize newly accessible archives suggest rather that both Beijing and Washington developed a responsive and tactically adaptable foreign policy Each then adjusted this policy in response to changing international circumstances and changing assessments of its counterpart s policies Motivated less by ideology than by pragmatic national security concerns each assumed that the other faced similar considerations

Cold War and Revolution Odd Arne Westad, 1993-03-02 *China and the United States* Xiaobing Li, Hongshan Li, 1997-12-11 This essay collection presents a new examination and fresh insight into Sino American relations from the end of World War II to the 1960s The compilation breaks new ground by exploring some of the untouched Chinese and Soviet Communist sources to document the major events and crises in East Asia It also identifies a new pattern of confrontations between China and America during the Cold War Based on extensive multi archival research utilizing recently released records the authors move the study away from the usual Soviet American rivalry and instead focus on the relatively unknown area of communists interactions and conflicts in order to answer questions such as why Beijing sent troops to Korea what role China played in the Vietnam War and why Mao caused crises in the Taiwan Straits The articles in the book examine Chinese perceptions and positions and discuss the nature and goals of China s foreign policy and its impact on Sino American relations during this crucial period

[China, the United States, and the Soviet Union](#) Robert S. Ross, 2015

The New Cold War Jack Green, 2021-11-19 The old Cold War was the name given to the highly tense and antagonistic relationship between America and the Soviet Union It was a cold war precisely because it did not lead to all out war between the two sides despite their ideological differences This book argues that we are now entering Cold War II but this time the highly fraught relationship is between China and America Trading relations are at an all time low A military build up is already occurring on both sides and multiple attacks in cyber space are now a frequent occurrence Even more concerning are the recent land grabs in the South China Sea as China asserts control of many of the islands in the area establishing huge military garrisons in this vast expanse of sea The book compares Cold War I with Cold War II in order to understand what will be different this time around Will Cold War II be similar to the last one with massive military build ups on each side Will the world be divided once again by alliances on both sides What are the risks of Cold War II descending into a hot war Although there have been many commentaries on the emergence of Cold War II this is one of the first books to provide a detailed analysis of this new strategic landscape

[Europe and China in the Cold War](#) , 2018-11-26

America's Cold War against China Peter Nolan, 2024-09-09 This book discusses how the USA has launched a new cold war against China Showing how this New Cold War can only be fully understood by analysing the long run history of the East and the West and the fundamental differences between the Old and the New Cold Wars this book outlines how the New Cold War focuses on issues connected with China's territorial integrity Xinjiang the South China Sea Hong Kong Taiwan and the closely connected conflict over semiconductors It analyses the way in which China has responded to US led Western aggression by following the approach suggested by Confucius instead of returning aggression with kindness or returning aggression with aggression China has returned aggression with firmness The book argues that the United States effort to establish hegemony over Eurasia has failed and that in the face of this reality there is no choice for the USA other than to cooperate with China in order to resolve the existential issues facing the human species Demonstrating how US led aggression has been rendered ineffective this book will be a valuable resource to students and scholars of international relations and politics including those in both China and the USA

US-China Cold War Collaboration S. Mahmud Ali, 2007-04-11 After more than four decades the Cold War ended with the sudden collapse of the Soviet Union Almost simultaneously China emerged as the new potential disruptor of international stability with Beijing replacing Moscow as the key source of Western insecurity Drawing upon extensive primary resources Ali questions the logic behind this perception reflected both in popular and academic literature Disclosing hitherto unknown aspects of the Soviet Union's disintegration the text reveals a secret strategic alliance between the USA and China during the Cold War's final decades Presenting an in depth analysis of the relationship between the two countries the book identifies the bases on which the alliance emerged the growing mutual concern of a Soviet threat Using documentation from the three capitals Ali presents a compelling tale of intrigue and conspiracy at the highest level of the international security system The text brings a new dimension to the current literature and deepens our understanding of a key aspect of the Cold War its end

The Sino-Soviet Split Lorenz M. Lüthi, 2010-12-16 A decade after the Soviet Union and the People's Republic of China established their formidable alliance in 1950 escalating public disagreements between them broke the international communist movement apart In *The Sino Soviet Split* Lorenz L thi tells the story of this rupture which became one of the defining events of the Cold War Identifying the primary role of disputes over Marxist Leninist ideology L thi traces their devastating impact in sowing conflict between the two nations in the areas of economic development party relations and foreign policy The source of this estrangement was Mao Zedong's ideological radicalization at a time when Soviet leaders mainly Nikita Khrushchev became committed to more pragmatic domestic and foreign policies Using a wide array of archival and documentary sources from three continents L thi presents a richly detailed account of Sino Soviet political relations in the 1950s and 1960s He explores how Sino Soviet relations were linked to Chinese domestic politics and to Mao's struggles with internal political rivals Furthermore L thi argues the Sino Soviet split had far reaching consequences for the socialist camp and its connections to the nonaligned movement the global Cold War and the Vietnam War *The Sino Soviet Split* provides a meticulous and cogent analysis of a major political fallout between two global powers opening new areas of research for anyone interested in the history of international relations in the socialist world

The Russia-China Axis Douglas E. Schoen, Melik Kaylan, 2014-09-09 The United States is a nation in crisis While Washington's ability to address our most pressing challenges has been rendered nearly impotent by ongoing partisan warfare we face an array of foreign policy crises for which we seem increasingly unprepared Among these none is more formidable than the unprecedented partnership developing between Russia and China suspicious neighbors for centuries and fellow Communist antagonists during the Cold War The two longtime foes have drawn increasingly close together because of a confluence of geostrategic political and economic interests all of which have a common theme of diminishing subverting or displacing American power While America's influence around the world recedes in its military and diplomatic power in its political leverage in its economic might and perhaps most dangerously in the power and appeal of its ideas Russia and China have seen their influence increase From their support for rogue regimes such as those in Iran North Korea and Syria to their military and nuclear buildups to their aggressive use of cyber warfare and intelligence theft Moscow and Beijing are playing the game for keeps Meanwhile America pledged to leading from behind no longer does much leading at all In *The Russia China Axis* Douglas E Schoen and Melik Kaylan systematically chronicle the growing threat from the
