to the U S for their higher education we cannot afford to waste this golden opportunity Reasons will be provided why this is our divine moment in history for Christian leadership to rise up and take action The potential is there for us to create a tremendous impact for Christ on nations which in the past have been difficult to reach God works in mysterious ways and this has to be one of them It is imperative that we get with God s program and focus on identifying Christian international students soon after their arrival on campus training them Biblically and theologically equipping them for their return home following them up after their return with support Documentation is provided some from missionaries themselves showing that properly trained Christian international students after returning home are much more effective than traditional foreign missionaries Reasons why are clearly and with great conviction provided However we still need traditional foreign missionaries because of the fields being white unto harvest but the laborers are few The reader will be fascinated by the illustrations of those Christian international students who returned home to accomplish feats for God on a scale that never before had been thought possible **Chinese Recorder and Missionary Journal** ,1919
