into the minds and lives of the several inimitable characters that are entwined into the story In his role as geophysicist at Mawson Station Big Dee strives to make a difference he is not happy with just routine collection of seismological and magnetic data In his quest he seizes an opportunity to demonstrate that peoples lives are at risk every time they venture onto the sea ice that surrounds the continent some of the gigantic outlet glaciers into the Southern Ocean are not easily identifiable to passing traffic Consequently when he showed the link between the signals portrayed on the Mawson seismograph and catastrophic iceberg calving events from such outlets he felt vindicated He knew that this link could provide an early warning signal to those wanting to venture out across the sea ice near to these potentially dangerous sites His relationship with some of his fellow Antarcticans provide plenty of amusing anecdotal material but underneath this apparent success story is a gripping and tenuous relationship back home

The Los Diaries Mark Jones,2012-07-11 This is the first part of a reflective account of my experiences in Thailand over the past seventeen years It is an account of someone who has journeyed two different paths that of a professional diving instructor and later a whoremonger It is a story of a journey from an initially carefree idyllic adventurous lifestyle in an island paradise to the harsh reality of the urban environments of Bangkok and Pattaya It is a story of a journey into the dark side of life in Thailand and a realization that there s a hardness and ruthlessness in that dark side which when you ve lived here for seventeen years offers you nothing in return except a world largely devoid of integrity honesty and sincerity It is my story and it is like those of so many other foreigners who settle in this land a story of a roller coaster ride through adventure hardship and endurance It s also a story of mateship something which is a rare commodity in this day and age I make no apologies for what you ll read beyond this page You may be humored shocked and even angered but ultimately you ll come to realize that there is no other country in the world like the Land Of Smiles These are the LOS diaries
