Kontinuität dieser rhetorischen Muster wird jedoch zurückgewiesen und stattdessen ausdifferenziert. Based on the identity creating potential of literature she analyses the design of the subject in the tension field of literary, political and journalistic discourse levels. Here she not only uncovers the genesis and development of literary victimization strategies but also demonstrates the continuous participation of literary adaptations in a construction of German victim identity. However, an occasionally claimed overall continuity of these rhetorical patterns is rejected and differentiated instead.
