More than 30 experts in this field—genealogists, historians, librarians, and archivists—prepared the 20 signed chapters, which are well-written, easy to read, and include many helpful hints for getting the most out of whatever information is acquired. Each chapter ends with an extensive bibliography and is further enriched by tables, black and white illustrations, and examples of documents. Eight appendixes include the expected contact information for groups and institutions that persons studying genealogy and history need to find.
