Dilemma Of Parenthood:

The Parenthood Dilemma Gina Rushton, 2023-09-05 Our Culture Magazine Best Book of 2023 Rushton's work is generous thoughtful and honest taking care neither to romanticize nor to disparage the choice to become a parent Jenny Hamilton Booklist starred review A bold feminist investigation into the mother of all questions whether or not to become a parent in these turbulent times Should we become parents This timeless question forces us to reckon with who we are and what we love and fear most in ourselves in our relationships and in the world as it is now and as it will be When Gina Rushton admitted she had little time left to make the decision for herself the magnitude of the choice overwhelmed her Her search for her own yes or no only uncovered more questions to be answered How do we clearly consider creating a new life on a planet facing catastrophic climate change How do we reassess the gender roles we have been assigned at birth and by society How do we balance ascending careers with declining fertility How do we know if we've found the right co parent or if we want to go it alone or if we don't want to do it at all To seek clarity on these questions Rushton spoke to doctors sociologists economists and ethicists as well as parents and childless people of all ages and from around the world Here she explores and presents policies data and case studies from people who have made this decision one way or the other and shows how the process can be revelatory in discovering who we are as individuals Drawing on the depth of knowledge afforded by her body of work as an award winning journalist on the abortion beat Rushton wrote the book that she needed and we all need to stop a panicked internal monologue and start a genuine dialogue about what we want from our lives and why

The Parenthood Dilemma Gina Rushton, 2023 [The Baby Dilemma](#) Maree Stachel-Williamson, 2014 **Moral Dilemmas in Real Life** Ovadia Ezra, 2006-05-26 *Moral Dilemmas in Real Life* purports to supply ways of thinking of perhaps even dealing with the ins and outs of ethical argument The world today presents both individuals and communities with situations which demand moral and ethical deliberations From the more general issues of universal globalization to the very specific problems of every day existence encountered by active agents contemporary life is replete with moral and ethical conundrums Any thinking person is required so it seems to be concerned involved or at the very least conversant with these issues and this book supplies the wherewithal needed Applied ethics is that intellectual locale where theory meets praxis *Moral Dilemmas in Real Life* is designed to make that meeting point explicit by presenting a series of issues in well grounded philosophical formulations The book begins with the general relation between the individual and society instilling ethical tension and even clashes between the private and the public in our discourse Going on from general to specific it gradually narrows the ethical playing field to touch on medical ethics the family and the practice of punishment In all cases the book addresses both consensual and conventional social institutions and distortions thereof [Confidence in Life](#) Matthew Lee Anderson, 2023-12-28 *Confidence in Life* offers a theologically robust evaluation of the good of procreation which emerges out of both careful interactions with contemporary analytic philosophy and a reconstructed reading of Karl Barth's doctrine

of pro creation While analytic moral philosophy has rarely been brought into close proximity to Barth's work the conjunction underscores the deep difficulty of accounting for procreation's value within non-theological frameworks and helps clarify what is distinctive and valuable about Barth's own moral reasoning on this subject Though primarily staged as an intervention in Protestant moral theology Confidence in Life's rehabilitation of the Virgin Mary's role in Barth's thought has promise for an ecumenical retrieval of the good of procreating within the economy of redemption and its retrieval of honour as an indispensable aspect of Barth's theology will be of interest to Barth scholars and moral theologians alike [Yale Law Journal: Volume 125, Number 8 - June 2016](#) Yale Law Journal,2016-07-20
