Graham Livesey,2024-11-15 Modern Architecture The Basics examines technological stylistic socio political and cultural changes that have transformed the history of architecture since the late 18th century Broad definitions of modernity and postmodernity introduce the book which comprises 24 short thematic chapters looking at the concepts behind the development of modern and postmodern architecture These include major historical movements key figures and evolving building typologies There is also an emphasis on the changing city during the 19th and 20th centuries Approaches to representation and its impacts on architecture are studied along with the changing global role of architecture as cultural expression The book introduces new topics including gender race postcolonialism and indigeneity An undaunting contemporary and inclusive account of modern architectural history this is a must read for all students of architecture as well as those outside the discipline approaching the subject for the first time Routledge Handbook of Chinese Architecture

Jianfei Zhu,Chen Wei,Li Hua,2022-11-30 This handbook representing the collaboration of 40 scholars provides a multi faceted exploration of roughly 6 000 years of Chinese architecture from ancient times to the present This volume combines a broad spectrum approach with a thematic framework for investigating Chinese architecture integrating previously fragmented topics and combining the scholarship of all major periods of Chinese history By organizing its approach into five parts this handbook Traces the practices and traditions of ancient China from imperial authority to folk culture Unveils a rich picture of early modern and republican China revealing that modernization was already beginning to emerge Describes the social intellectual ideological and formal enterprises of socialist architecture Frames a window on a complex and changing contemporary China by focusing on autonomy state practices and geopolitics of design ultimately identifying its still evolving position on the world stage Examines the existing cultural and political theories to highlight potential avenues for future transformations in Chinese architecture that also retain Chinese identity Providing a pioneering combination of ancient and modern Chinese architecture in one coherent study this book is a must read for scholars students and educators of Chinese architecture architectural history and theory and the architecture of Asia Modern Architecture in the Balkans

Lorenzo Pignatti,2026-01-22 This book is an attempt to comprehend the reasons for modernity in the Balkans beginning with the famous Journey to the East undertaken by Charles douard Jeanneret in 1911 a journey during which the future Le Corbusier was the first to appreciate the originality of the region s architecture However the modernity that developed after the Second World War would not have existed without the figure of Josip Broz Tito With political and cultural acumen this partisan and charismatic leader of Yugoslavia promoted a process of socialist modernisation that looked both east and west while holding fast to a faith in a political ideology interpreted with freedom and originality Le Corbusier and Tito are therefore the two central figures of this book While there is no direct relationship between them this book presents a series of intersecting relations beginning with the interpretation of Yugoslavia s cities and architecture to trace a path that gives this region an

unquestionably central position in the international architectural panorama of the twentieth century      **Montgomery Modern: Modern Architecture in Montgomery County, Maryland, 1930-1979** Clare Lise Kelly, 2015 An illustrated reference guide to the history of modern architecture in Montgomery County Maryland from 1930 to 1979 with an inventory of key buildings and communities and biographical sketches of practitioners including architects landscape architects planners and developers      Early Modern Architecture, Chicago, 1870-1910 ... Museum of Modern Art (New York, N.Y.), 1940      **The Market and the City** Donatella Calabi, 2017-07-05 The early modern period is often characterised as a time that witnessed the rise of a new and powerful merchant class across Europe From Italy and Spain in the south to the Low Countries and England in the north men of business and trade came to play an increasingly pivotal role in the culture politics and economies of western Europe This book takes a comparative approach to the effect such merchants and traders had on the urban history of market places streets squares and civic buildings in some of the great commercial European cities between the fifteenth and seventeenth centuries It looks at how this in period the transformations of designated commercial areas were important enough to modify relationships throughout the entire urban context Market places tend to be very ancient continuing to function for centuries on the same location but between the middle of the fourteenth and the first decades of the seventeenth their structures began to change as new regulations and patterns of manufacture distribution and consumption began to install a new uniformity and geometry on the market place During the period covered by this study most major European cities undertook the rebuilding of entire zones constructing new buildings demolishing existing structures and embellishing others This book analyses the intentions of innovation in parallel with sanitary and hygienic reasons the juridical regulations of the architecture of certain building types and the urban strategies as efficient tools to better control the economic activities within the city      **Vincenzo Scamozzi and the Chorography of Early Modern Architecture** Dr Ann Marie Borys, 2014-03-28 Ann Marie Borys presents northern Italian architect Vincenzo Scamozzi 1548 1616 as a traveler and an observer the first Western architect to respond to the changing shape of the world in the Age of Discovery Pointing out his familiarity with the expansion of knowledge in both natural history and geography she highlights his truly unique contribution to make geography and cartography central to the knowledge of the architect      **Citation and Quotation in Early Modern Architecture** Andrew Hopkins, 2024-11-18 Citare in Italian means both to cite and to quote Citazione means both citation and quotation This volume with many discussions of annotations or marginal notes postils aims to tease out one of the principal threads of the over arching theme of what might be termed Lost and Found in Translation with regard to Early Modern Architecture Citation of texts in relation to Early Modern architectural design treatise writing and theory has long been studied but mostly in ways which have never clearly distinguished between three important but different terms mindset citation and quotation This volume charts citation from Filarete and ancient descriptions of Near Eastern Architecture to difficulties in understanding Vitruvius and Lost and found in Fra Giocondo s

Vitruvius The investigation then broadens to Tracing Renaissance Italian Architectural Books in colonial Mexico and an examination of reverse ekphrasis and Early Modern Architecture It then turns to twisted words and borrowed wisdom misleading citation in Scamozzi s *Idea dell architettura universale* 1615 before heading East to discuss formats and functions of large scale calligraphy in late Ming and Qing period China and the reconstruction of architectural spaces Turning to Quotation the investigation begins with Pirro Ligorio the Megala ship and the Cortile del Belvedere and invention imitation and reiteration the case of Bramante s Palazzo Caprini and its progeny Then follows Quoting from memory centralized models and basilica systems in early counter reformation Venice followed by Borrominismo in eighteenth century Lisbon and old form with new function Villa Emo Amtshaus W rlitz and concludes with found and reshaped in translation architectural models between centre and periphery An important reading for anybody interested in Early Modern Architecture *Modern Architecture and Design* Bill Risebero,1983 British architect and planner Bill Risebero recreates 200 years of modern architecture and design against a backdrop of class dominance over rising industrialism The lively and opinionated text and more than 1 000 captioned drawings by the author provide a refreshing reinterpretation of architectural developments in the modern period *A Concise History of Modern Architecture in India* Jon T.
