Ernest Jackh,1928 **Trinity and Election** Shao Kai Tseng,2023-01-26 Challenging Bruce McCormack s paradigm of post Kantian Barth scholarship this book builds on the interpretative model that Sigurd Baark developed in 2018 This model interprets Barth s innovative adoption of an Anselmian mode of theological speculation against the intellectual historical background of the idealist tradition of speculative metaphysics that culminated in Hegel This book argues that Barth adopted the Anselmian mode of speculation in which immediate self identity between subject object and act is found in the triune God alone while the speculative identity that enables human knowledge of God is none other than the identity between God in and for Godself and God for us Exploring the nationalistic dimension of speculative metaphysics in 19th century Germany Tseng identifies this as an important aspect of the context of Barth s development of a Christocentric form of speculative theology

Haunting Legacies Gabriele Schwab,2010-10-19 From mass murder to genocide slavery to colonial suppression acts of atrocity have lives that extend far beyond the horrific moment They engender trauma that echoes for generations in the experiences of those on both sides of the act Gabriele Schwab reads these legacies in a number of narratives primarily through the writing of postwar Germans and the descendents of Holocaust survivors She connects their work to earlier histories of slavery and colonialism and to more recent events such as South African Apartheid the practice of torture after 9 11 and the disappearances that occurred during South American dictatorships Schwab s texts include memoirs such as Ruth Kluger s *Still Alive* and Marguerite Duras s *La Douleur* second generation accounts by the children of Holocaust survivors such as Georges Perec s *W Art Spiegelman s Maus* and Philippe Grimbert s *Secret* and second generation recollections by Germans such as W G Sebald s *Austerlitz* Sabine Reichel s *What Did You Do in the War Daddy* and Ursula Duba s *Tales from a Child of the Enemy* She also incorporates her own reminiscences of growing up in postwar Germany mapping interlaced memories and histories as they interact in psychic life and cultural memory Schwab concludes with a bracing look at issues of responsibility reparation and forgiveness across the victim perpetrator divide The American Catalog ,1896 *Ten*

There are Two German States and Two Must Remain? Deborah Cuccia,2019 In the night of 9 November the images of thousands of Eastern Germans pouring into Berlin security checkpoints at Bernauerstraße and West Berliners knocking the first brick out of the Wall literally travelled around the world More than any other frontier the division of Berlin as its physical representation epitomized in peoples mind the ultimate sign of the division of Europe into spheres of influence More than any other event in Central Eastern Europe the Berlin Walls demolition contributed to reshape both geographical maps and ideological camps It is therefore not in the least surprising that these events captured the attention of millions of Europeans ranging from present day observers to prominent experts Still throughout the years the main research focus has been either on the inner German dynamics or on the role played by the Superpowers With the 30th anniversary of the fall of the Wall in the offing and an apparent creeping estrangement between Italy and Germany making the front page the time is ripe for providing deeper insights into the reactions arising in Italy from the German events How did the Italian vision of the

German Question evolve How did Rome perceive and react to the process leading to German unity What kind of tools had the European integration process and the evolution of the Italian German relations How did Rome cope with the challenge issued by this acceleration of history In answering these questions the book goes far beyond the limitations imposed by a traditional diplomatic and foreign policy approach embracing also the economic and cultural levels as well as the mass media The year 1989 was a test of the level of maturity attained by the Italian German couple which casts a long shadow that goes far beyond their respective national borders
