Bardo Guidebook:

The Bardo Guidebook Rinpoche Chökyi Nyima, 1991 **The Bardo Guidebook** Chökyi Nyima, Chökyi Nyima Rinpoche, 1991 Existence is an endless cycle of experience called the four bardos. These four periods include our present life, the process of dying, the after-death experience, and the quest for a new rebirth. Drawing from his intimate knowledge of the innermost Vajrayana teachings, the Tibetan master Chökyi Nyima Rinpoche presents in *The Bardo Guidebook* straightforward, direct instructions on how to deal with the four bardos.

Bardo Guidebook Chökyi Nyima Rinpoche, [Medicine and Compassion](#) Chökyi Nyima, David R Shlim, 2012-01-30 Sure to be welcomed by caregivers of all types, the groundbreaking new *Medicine and Compassion* can help anyone reconnect with the true spirit of their caregiving task. It is estimated that some 54 million people in the U.S. act as informal caregivers for ill or disabled loved ones. We can add to these countless workers in the fields of health and human service, and yet there is still not enough help to go around: as many as three-fourths of our informal caregivers report going it alone. It's no wonder that caregiver burnout and depression afflict so many. Sure to be welcomed by caregivers of all types, the groundbreaking new *Medicine and Compassion* can help anyone reconnect with the true spirit of their caregiving task. In a clear and very modern voice, Chökyi Nyima Rinpoche and Dr. David R. Shlim use the teachings of Tibetan Buddhist philosophy to present practical tools for revitalizing the caring spirit. Readers in turn will find their patience, kindness, and effectiveness re-energized. Offering practical advice on dealing with people who are angry at their medical conditions or their care providers, people who are dying, or the families of those who are critically ill, *Medicine and Compassion* will strike resonant chords with medical professionals, hospice workers, teachers, and parents of children with special needs, and those caring for aging and infirm loved ones.

[Dead But Not Lost](#) Robert Goss, Dennis Klass, 2005 The dead are still with us. Contemporary therapists and counselors are coming to understand what's been known for millennia in most religions and in most cultures: outside the Western milieu, it's important to continue bonds between the living and the dead. Taking these connections seriously, Goss and Klass explore how bonds with the dead are created and maintained. In doing so, they unearth a fascinating new way to look at the origins and processes of religion itself. Examining ties to dead family members, teachers, religious and political leaders across religious and secular traditions, the authors offer novel ways of understanding grief and its role in creating meaning. Whether for classes in comparative religion and death and dying, or for bereavement counselors and others trying to make sense of grief, this book helps us understand what it means to feel connected to those dead but not lost.
