Baroque and Rococo Architecture is a comprehensive book written by Henry A Millon that explores the two styles of architecture that emerged in Europe during the 17th and 18th centuries The book provides an in depth analysis of the Baroque and Rococo styles examining their origins development and influence on architecture and art The book begins with an introduction to the Baroque style which originated in Italy in the early 17th century and spread throughout Europe Millon discusses the key features of Baroque architecture including its use of dramatic lighting ornate decoration and grandiose forms He also explores the religious and political contexts in which Baroque architecture flourished and the ways in which it was used to express power and authority The second part of the book focuses on the Rococo style which emerged in France in the early 18th century as a reaction against the grandeur of Baroque architecture Millon explains how Rococo architecture emphasized delicate decoration pastel colors and asymmetrical forms and how it reflected the changing social and cultural values of the time Throughout the book Millon provides numerous examples of Baroque and Rococo architecture including churches palaces and public buildings He also includes detailed descriptions and illustrations of key architectural elements such as columns domes and facades Baroque and Rococo Architecture is a valuable resource for anyone interested in the history of architecture and art Its comprehensive coverage and detailed analysis make it an essential reference for students scholars and professionals in the field This scarce antiquarian book is a facsimile reprint of the old original and may contain some imperfections such as library marks and notations Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to their original work **Baroque & Rococo Architecture** Henry A. Millon,1961 The Baroque and Rococo developed relatively late in Austria and Germany due to various political and economic reasons But this Central European expression was without equal in the integration of all the arts culminating in a rich synthesis of architecture sculpture painting and stucco decoration **Transformations** Christopher Tadgell,2013 Unprecedented in scope like its companion volume on the High Renaissance Transformations this sixth volume in the Architecture in Context series traces the development of architecture and decoration in the seventeenth and early eighteenth centuries particularly the transformation of rationalist Classical ideals into the emotive highly theatrical style known as Baroque and the further development away from architectonic principles to the free ranging decorative style known as Rococo It begins with an outline of the politics of Absolutism and its opposite over the century from the Thirty Years War to the War of the Austrian Succession this is illustrated with images largely chosen from the major artists of the day a supplementary introduction outlines the cross currents of painting in the early Baroque era The first substantive section deals with the seminal masters

active in Rome Maderno Cortona Borromini and Bernini and their contemporaries there in Venice and in Piedmont The second section deals with the seminal French masters above all Francois Mansart Louis Le Vau Andre Le Notre Jules Hardouin Mansart and the latter's followers who developed the Rococo style in the domestic field The rest of the book is divided into three large sections the Protestant North the Netherlands Denmark Sweden and Britain the Divided Centre the Catholic powers of central Europe and southern Germany the Protestants of northern Germany and the Orthodox Russians the Catholic South the Iberian kingdoms and their dominions in southern Italy and the Americas
